**AUGUST 29, 2021 | $149pp**

Other Zippori sights you’ll see include the 4,500-seat Roman theater, which has been partially restored; the Talmudic-era residential quarter; the Crusader fortress; the first-century underground water system; and the remains of a sixth-century synagogue that have been uncovered in the lower section of the site.

Explore the ancient city of Acre, a UNESCO World Heritage Site that dates back almost 5,000 years and also visit the Crusader’s underground city.

From the port in Haifa, make the one-hour drive to Acre. The Old City of Acre was inscribed in 2001 as an exceptionally well-preserved fortified Ottoman city of the 18th and 19th centuries. The city still has the intact remains of an earlier medieval Crusader town, both above and below street level. Start with a drive to Mt. Carmel and a visit to Acre’s large and elaborate Baha’i Gardens. These are the largest hanging gardens in the world and part of the seven-site Baha’i Holy Places in Haifa and the Western Galilee, which was inscribed in 2008 and is itself a UNESCO World Heritage Site. Your route affords you outstanding views of the city, Haifa Bay, and all of northern Israel.

Next, head back down Mt. Carmel and cross the bay to Akko (Acre), the oldest city in the northern region. More than 4,000 years of recorded history will unfold before your eyes as you walk through Acre’s narrow cobblestone passageways and its colorful bazaar. The present-day town was built in the 18th century over the ruins of the 12th-century Crusader city. Acre has changed hands and names many times over the millennia, but since 1948 it has returned to its biblical name of Akko.

While here, visit the Crusaders’ Halls, built by the Knights Hospitaller (the Knights of St John) and the surreal subterranean Crusader city. Continue with a walk past Al Jazari’s Mosque, built in the 18th century, through the bazaar and on to Khan el-Umdan (Inn of the Pillars), an impressive 18th-century caravanserai which was a medieval roadside inn.

At this point, descend to the 12th-century level again, this time to visit the unforgettable Templars’ Tunnel. This amazing engineering feat is a tunnel more than a thousand feet long, carved through solid stone, that connected the fortress (no longer standing) to the port. As its name implies, the tunnel was constructed by the Knights Templar - the Crusaders charged with guarding the temple in Jerusalem. The Mamelluks had forced the Templars to retreat to Acre, which was their last bastion in Israel until the Fall of Acre in 1291. As you exit the tunnel, you will find yourself at the lighthouse and the sea wall.

Before driving back to Haifa, there will be a final stop to do some shopping in the Bazaar.

Special Note: This tour includes approximately two hours of moderate walking/standing that includes numerous steps, uneven surfaces, and small narrow tunnels to negotiate. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties, those who cannot bend and walk at the same time, or those who suffer from claustrophobia. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs, and midriffs must be covered when entering religious sites. All shopping is optional and at the guest’s discretion.

Guests with a general interest in theology and world history will be fascinated by this excursion that encompasses two very special places related to the life of Jesus Christ.

It’s a one-hour drive from the port in Haifa to Nazareth, the largest city in the North District of Israel and the childhood home of Jesus, according to the New Testament. While here, take the opportunity to visit the surprisingly modern “Basilica of the Annunciation,” a church built on the site where Gabriel announced the news of Jesus’ birth to the Virgin Mary. You can also view the underground grotto where Mary received the Annunciation. Other attractions here include Mary’s Well and the Church of Joseph which was allegedly built over the site of Joseph’s carpentry shop.

Continuing on, the second half of your tour will take you to Canaan, an Arab city in the region of Galilee. Situated at the crossroads of several cultures, its history reflects this in both art and language. Perhaps more famously known in today’s world as the place where Jesus “turned water into wine” during the famous Canaan Wedding as depicted in the Bible. Following your visit here, transfer back to the port in Haifa.

Special Note: This tour includes a significant amount of moderate to walking that covers approximately one mile and includes steps, natural and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with other mobility issues. Conservative attire is recommended for entering places of religious significance and additionally, we suggest a sun cap; sunglasses; sunscreen; and flat, walking shoes with a closed toe. Head coverings are required. It is further suggested that guests bring a bottle of water from the ship.
Visit several of the most important archaeological sites in Israel and walk among the excavations, viewing the remains of several civilizations, including those of the Romans, Egyptians, Canaanites, Israelites, and Assyrians.

Travel from the pier to the UNESCO World Heritage Site of Megiddo, at one time a strategic stronghold on the trade route between Egypt and Assyria. It is also the location where St. John predicted Armageddon – the last great battle on earth would take place. While here you can see the ivory palace where the world’s richest Canaanite treasure was discovered. Other points of interest include stables from King Ahab’s time and a fascinating system of waterworks that leads to several springs.

Next, make your way to Beit She’arim National Park, where the remains of this ancient Jewish city and underground Jewish cemetery are revealed. The necropolis here contains large stone coffins decorated with Jewish symbols and inscribed in Hebrew, Aramaic, Palmyran and Greek, shedding light on what life was like during this time in history. After a fascinating visit here, you’ll re-board your coach and travel back to the pier in Haifa.

Special Note: This tour includes a significant amount of moderate to vigorous walking that includes steps, natural and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with other mobility issues. Conservative attire is recommended for entering places of religious significance and additionally, we suggest a sun cap; sunglasses; sunscreen; and flat, walking shoes with a closed toe. Head coverings may be required. It is further suggested that guests bring a bottle of water from the ship.

Discover the ancient beauty of Jerusalem and Bethlehem while visiting some of history’s most sacred sites during this scenic, full-day sightseeing tour of Israel’s capital city.

Israel radiates history, both secular and religious to the extent that familiar names will catch your attention all the way from Haifa to Jerusalem. Arriving in Jerusalem, you will first make your way to the top of Mount Scopus which affords an amazing panoramic view of the city, then walk through the Garden of Gethsemane, where Jesus spent the last moments before his arrest. Visit the Room of the Last Supper and then walk by King David’s Tomb before entering the Old City via the Zion Gate. Your walking tour here takes you through the Jewish Quarter and the Roman Cardo to the Church of the Holy Sepulcher on the site of Christ’s resurrection. Inside the church you will see the last five Stations of the Cross. Continue your walk passing through the colorful bazaar on your way to the Western (Wailing) Wall. Special Note: This tour includes approximately five hours of moderate to vigorous walking that includes steps, stairs, slopes, and uneven natural surfaces to negotiate. MASADA (ASHDOD), ISRAEL

ASH501OV (DOUBLE): EIN GEDI NATURE PARK AND MASADA MORNING SNAKE TRAIL CLIMB - AUGUST 30, 2021 | $999

2 DAYS / 1 NIGHT | MEALS: NO

Day 1 Meet in the lobby of the hotel at 4:00 a.m. and make the 30-minute drive to Masada. While there is a cable car that operates during daylight hours, today you will make the trek to the summit via the Snake Trail. The hike up usually takes about 75 minutes and will be well worth the effort when you reach the top and are rewarded with watching the sun rise majestically over the desert. Masada has often been described as the most spectacular archaeological site in Israel and is recognized as a UNESCO World Heritage Site. It is here that King Herod built a luxurious refuge complete with magnificent palaces, swimming pools and excavated rock cisterns to provide water supplies. Around AD 73, after a three-year long Roman siege, more than 950 Jews took their own lives at Masada rather than face the brutal Romans and a future of slavery. During your visit, some of the fascinating sights you can see are the wall, bathhouses, the upper palace, synagogue, western palace, and the Roman ramp and siege camp. When your visit draws to a close, take the cable car down to the desert floor and then return to the hotel for breakfast and some free time before checking out and driving back to the ship.

Special Note: This tour includes 2-days of significant moderate to vigorous walking, hiking and climbing that includes steep inclines, steps, natural and uneven surfaces. The tour is not available to wheelchair guests, or those with physical limitations or other health concerns such as heart, respiratory, back or neck issues or pregnant women. Guests should be in good physical condition. We recommend wearing weather appropriate modest attire (knees, shoulders and midriffs must be covered); flat, sturdy athletic shoes or hiking boots with a closed toe (aqua shoes are recommended for the Dead Sea as well as wearing an old bathing suit as the water there can cause discoloration); a sun cap; sunglasses and sunscreen.

ASH501OVS (SINGLE): MASADA AND JERUSALEM - AN IMMERSION IN ISRAELI HISTORY - AUGUST 30, 2021 | $1,199

2 DAYS / 1 NIGHT | MEALS: YES

Day 1 Start off from the port and commence a three-hour drive into the Negev Desert to the mountain fortress of Masada, which looms high above the Dead Sea's desolate landscape. It has often been described as the most spectacular archaeological site in Israel and is recognized as a UNESCO World Heritage Site. It is here that King Herod built a luxurious refuge complete with magnificent palaces, swimming pools and excavated rock cisterns to provide water supplies. Around AD 73, after a three-year long Roman siege, more than 950 Jews took their own lives at Masada rather than face the brutal Romans and a future of slavery. On arrival, a cable car will convey you to the summit where you can explore the vestiges of what was the last stand for hundreds of Jews. Among the fascinating sights you can see are the wall, bathhouses, the upper palace, synagogue, western palace, and the Roman ramp and siege camp. When your visit draws to a close, take the cable car down to the desert floor and then return to the hotel for breakfast and some free time before checking out and driving back to the ship.

After your visit, descend back down the mountain and drive to Ein Bokek where you will have lunch at a hotel on the shores of the Dead Sea. After lunch, you can take a swim in these waters that are so mineral-rich you can't sink. Following your Dead Sea experience, drive north past Jericho and Qumran. At Qumran, stop for photos of the caves where the Dead Sea Scrolls were discovered in 1947. Continue on to Jerusalem where you will check-in to your hotel for the night and have dinner. After dinner, re-board your coach and enjoy a panoramic tour past the illuminated walls and monuments of Jerusalem and make a stop at the Western (Wailing) Wall. The Wall is the remaining remnant of the ramparts that once surrounded the Holy Temple. Afterwards, return to your hotel where you will have dinner and the remainder of the evening at your leisure.

Day 2 Get off to an early start with breakfast in the hotel, followed by a drive to the Mount of Olives where you are afforded a magnificent view over the Golden City. Walk the sacred paths of the Garden of Gethsemane where Jesus spent the last moments before his arrest, visit the beautiful church here and marvel at the grove of olive trees which are the oldest that remain in Jerusalem.

From here, make the short drive to Mt. Zion and visit the room of The Last Supper. Next, enter the Old City on foot via the Zion Gate, walking through the Jewish Quarter and the Roman Cardo to the Church of the Holy Sepulcher which sits on the site of Christ's resurrection. The original vast sanctuary that was built here by Emperor Constantine was destroyed centuries later, but a replacement was eventually rebuilt by the Crusaders. In the church you will be able to see the last
At this point, pause for lunch at a local restaurant before driving to Bethlehem where you will visit the Church of the Nativity. Built above the place that Christ is said to have been born, the actual Cave of the Nativity is a small crypt with a vaulted masonry roof. Poor Bethlehem families used the rocky hollows of the region as stables or dwellings, so the tradition that places the Nativity in a cave is not at odds with the story of the manger. Before heading back to rejoin the ship in Ashdod, there will be an opportunity to shop for souvenirs.

Special Note: This tour includes two days of significant moderate to vigorous walking that can include inclines, steps, natural and uneven cobblestone surfaces. The tour is not available to wheelchair guests, or those with physical limitations or other health concerns such as heart, respiratory, back or neck issues and may not be suitable for pregnant women. Guests should be in good physical condition. We recommend wearing weather appropriate modest attire (knees, shoulders and midriffs must be covered); flat, sturdy walking shoes with a closed toe (aqua shoes are recommended for the Dead Sea as well as wearing an old bathing suit as the water there can cause discoloration); a sun cap; sunglasses and sunscreen. Towels and lockers are provided at the Dead Sea. All participants must carry their passport with them to enter Bethlehem. It is each guest’s sole responsibility to obtain (before traveling) any visas, vaccinations and/or tourist cards that are required for participating in overland adventures or overnight tours.

ASH503: BEIT GUVRIN CAVES EXPLORATION, ARCHAEOLOGICAL DIG AND ROWING IN THE POOL OF ARCHES - AUGUST 30, 2021 OR AUGUST 31, 2021 | $199pp

6 HOURS | MEAL: LUNCH

Explore the underground wonders of the Beit Guvrin caves and archaeological site and then travel to an underground water cistern in Ramla where you can row through its numerous arches and corridors.

Drive approximately 40 minutes from Ashdod to the Beit Guvrin – Maresha National Park. This important archaeological site and national park is where you will find the ancient city of Tel Maresha and the amazing caves of Beit Guvrin. The Caves at Beit Guvrin encompass at least 800 bell-shaped caves, the most famous being the Bell Cave. Originally, they were quarried for their chalk to make roads, plaster, and mortar during the 4th to 9th centuries and later some were used for defensive hideouts and storage. Some of the most impressive are the Sidonian painted burial chambers.

During your visit you may also take the opportunity to join in an active archaeological dig as a special program here will allow you to dig for the day on a real site that is still producing artifacts that date back to the Roman era. Some of the ruins here include an amphitheater and the remains of several Christian churches. The mosaics that have been uncovered point to this area having been a Roman civilization at one time.

Next, travel to a local restaurant for lunch before arriving at the underground cistern in Ramla. Built in 789 AD, it is a testament to its excellent construction as it has survived intact despite earthquakes that damaged the town of Ramla. Fed by a central aqueduct, it is believed the pool was constructed here because of a small spring in the area.

Descend a few stairs down to the pool where you will find three rows of columns, all built from stone. Each row also has five columns which support the curved arches that support the roof. See the square hatches in the ceiling where it is thought the residents were able to draw their water using pails suspended on ropes. Then take advantage of the opportunity to board a rowboat and further explore the cavern of this historical site that exudes a somewhat other-worldly atmosphere.

Returning to above-ground, rejoin your coach and make a brief stop at the Ramla Market before traveling back to the pier in Ashdod.

Special Note: This tour includes approximately 2.5 hours of moderate walking/standing that includes steps, stairs, and uneven natural surfaces to negotiate. Time spent aboard the coach is approximately 3 hours. The tour is not available to wheelchair guests and may not be suitable for those with other walking difficulties or mobility concerns. We recommend wearing weather appropriate comfortable clothing; flat, sturdy walking shoes with a non-slip sole; a sun cap; sunglasses and sunscreen.

While here, visit the Church of All Nations and see some of the oldest olive trees in Jerusalem.
Re-board your coach and head to a local venue for a hearty lunch, followed by a drive to Bethlehem. Here, in the city of Jesus’ birth, visit the Church of Nativity, built above the place where Christ is said to have been born. The actual cave of the Nativity is a small crypt with a vaulted masonry roof. Poor Bethlehem families used the rocky hollows of the region as stables or dwellings, so the tradition that places the Nativity in a cave is not at odds with the story of the manger.

After visiting the church, there’s an opportunity to shop for souvenirs at a local shop. **ASH309: JOURNEY TO HISTORICAL BEIT GUVRIN - AUGUST 30, 2021 | $99 pp**

**5 HOURS | MEALS: NONE**

Travel to Beit Guvrin, an historical town well-known for its famous caves on this half-day tour.

From the pier, you will drive past the Valley of Elah, location of the famous battle between David and Goliath while en route to Beit Guvrin. Referred to by Josephus Flavius as one of the most important towns taken by the Romans in 68 CE, this once small village grew in importance.

On arrival, enjoy a guided walk through the amazing caves, which have been used as cisterns, animal pens, burial grounds, pigeon housing and for oil production. Some caves served as churches, as evidenced by the crosses that can still be seen carved on the walls. The columbarium, or the niche that holds the funeral urn, is not only one of the most spectacular of its type, it is also one of the oddest. A few feet above eye level are hundreds of small alcoves, where pigeons were kept in ancient times.

For another glimpse into the past, view a remarkable ancient olive press and then visit the Sidonian Burial Cave, the only cave in the area that is beautifully restored and boasts interior decorative paint. Lastly, enter the enormous bell caves. Dug between the 7th and 10th centuries, these spacious caves might remind you of a cathedral or large concert hall as they feature superior acoustics.

Special Note: This tour includes a significant amount of moderate to vigorous walking that includes steps, natural and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with other mobility issues. We recommend weather appropriate clothing; sun cap; sunglasses; sunscreen; and flat, walking shoes with a closed toe. Head coverings are required. It is further suggested that guests bring a bottle of water from the ship.
Israel's capital city comes alive on this mostly panoramic tour that showcases some of its most historical and sacred sites without the need for extensive walking.

Travel from the port in Ashdod via the Judean Mountains to the top of Mount Scopus which affords an amazing panoramic view of the city. Then walk through the Garden of Gethsemane, where Jesus spent his last moments before his arrest. Early Christians were already holding gatherings here before the first church was built around AD 380. Visit the beautiful church and see some of the oldest olive trees remaining in Jerusalem.

Next, drive to a local restaurant for a relaxing lunch before commencing your afternoon of touring. Re-boarding your coach, drive around the old city walls and then enter Jerusalem via the Dung Gate. Stop here for a quick view of the Western (Wailing) Wall, the last vestige of the ramparts that surrounded the holy temple of the Jews that was built by King Solomon. From here, enjoy a narrated panoramic tour past many of the city's famous landmarks that include the Knesset (Israel's Parliament), the Shrine of the Book and the Supreme Court.

When your driving tour concludes, you will make the transfer back to the port in Ashdod.

Special Note: While this tour is substantially less vigorous than other Jerusalem tours, it still includes approximately 2.5 hours of mild to moderate walking/standing over mostly flat surfaces. Time spent aboard the coach is approximately five hours. The tour is available to wheelchair guests who have a collapsible wheelchair; are able to make their own way on and off the coach and have a companion to assist them. We recommend wearing weather appropriate comfortable clothing; flat walking shoes with a non-slip sole; a sun cap; sunglasses and sunscreen. Knees, shoulders and midriffs must be covered. There is no restroom stop on the approximately 90-minute drive between Ashdod and Jerusalem and the tour does not actually visit the Wailing Wall or the Old City of Jerusalem.

Discover the beauty of historic ancient Jaffa and the vibrant city of Tel Aviv which is a fusion of modern city and iconic sacred sites.

Drive 90 minutes from the pier in Ashdod to Old Jaffa where your walking tour commences. Once the only entry port into Israel, today it is a microcosm encircled by the city of Tel Aviv, yet it still retains its colorful character and due to a restoration project in the 1960s, is very well preserved.

With your guide, travel on foot amongst old stone buildings and arches, and narrow, winding cobblestone alleys filled with artists’ galleries. You can even view Andromeda's Rock in the distance. This is where the prophet Jonah boarded the ship for Tarshish, St. Peter stayed in the house of Simon the Tanner, and Andromeda, the daughter of Jaffa’s king, was tied to a rock, awaiting the sea monster. Next, visit the new Jaffa Tales Visitor Center to learn about archaeological finds through a virtual performance that brings past heroes to life.

Continuing on, re-board your coach and sit back and relax during a narrated panoramic driving tour of modern Tel Aviv. Rothschild Boulevard is known for its 1930s Bauhaus buildings and the extraordinary balconies that lend Tel Aviv its 'White City' nickname and earned its status as a UNESCO World Heritage Site.

Upon reaching the Tel Aviv Sea Promenade and the lively port area, step off your coach for a bit and join the crowds strolling among the many trendy cafés and restaurants, absorbing the city's lively atmosphere all around you before it's time to drive back to the port in Ashdod.

Special Note: This tour includes approximately two hours of moderate walking/standing that includes steps, stairs, uneven and gravel surfaces to negotiate. **LMS305: 4X4 SAFARI WITH EXHILARATING WATER TREK AND MINESHAFT EXPLORATION - SEPTEMBER 1, 2021 | $85pp**

**4 HOURS | MEAL: NONE**

All of the must-see sites in Paphos are packed into this comprehensive half-day tour that is sure to please.

Begin with a drive from the port to the Rock of Aphrodite where you will stop to capture some photos. Known as Aphrodite’s mythical birthplace, this interesting geological formation of rocks is found along one of the most beautiful coastlines in Cyprus. Following your stop here, head to Paphos town. The storied legacy of this town is nothing short of remarkable and the multitude of historical sites here makes it feel as though you are in an open-air museum. No wonder UNESCO add the entire town to its World Cultural Heritage List!

Your first stop here is at the impressive Tombs of the Kings that dates back to the Hellenistic and early Roman eras. These tombs and underground chambers were carved from rock and were made to resemble the houses of the living. Although the tombs belong to high-ranking officials and aristocracy rather than kings, due to the size and splendor of the tombs, they gained the moniker of Tombs of the Kings.

The final stop is at the House of Dionysos, thought to have been built around the end of the second century AD and later abandoned after the destructive earthquakes of the fourth century AD. The large villa with its central courtyard is perhaps the most impressive archaeological site in Paphos and depicts the life of the wealthiest residents of Paphos during the Roman period. It is also renowned for having what is perhaps the most impressive collection of mosaics in the Mediterranean.

Special Note: This tour includes approximately 2.5 hours of moderate to vigorous physical activity that includes steep inclines, natural and uneven surfaces and trekking through water. The 4X4 portion travels over bumpy tracks. The tour is not available to wheelchair guests, those with physical limitations or other health concerns such as heart, back or neck issues or pregnant women. Participants should be in good physical condition. We recommend wearing weather appropriate comfortable clothing; flat, sturdy walking shoes with a closed toe; a sun cap; sunglasses and sunscreen. **LMS305: ROCK OF APHRODITE, TOMBS OF THE KINGS AND HOUSE OF DIONYSOS - SEPTEMBER 1, 2021 | $199pp**

**6.5 HOURS | MEALS: Brunch**

This full day adventure offers up a diverse range of activities designed to introduce you to off-the-beaten-track locations in Cyprus such as an abandoned monastery and ancient mineshafts, along with challenging your spirit of adventure with a 4X4 safari, water trekking and some hands-free climbing.

Start the day by boarding your 4X4 at the pier and then head off with your guide into the wilderness areas of Cyprus. Your first stop at the Panagia tou Sinti abandoned monastery is reached by driving over dirt tracks, a riverbed and small asphalt roads. Situated on the banks of the Xeros River, it is surrounded by a spectacular landscape. Founded in the 16th century, the monastery remained in operation until 1927 and was closed for several decades. Efforts to restore it to its original character using modern restoration techniques earned it the Europa Nostra Award in 1997.

From here, drive to a local kafenio (coffee shop) where you will enjoy a traditional Cretan brunch before heading out for the rest of your adventures which begin with a dramatic drive into the upper Xeros Potamos River Valley. Not only do spectacular viewpoints await you here, so does the starting point for your water trekking, the Roudia Venetian Bridge. Barely known or visited by locals, the bridge used to be part of the main road that traders used to carry the ore found in the surrounding mines to Paphos for exportation. Built during the Venetian era, the bridge was restored in the 1970s.

Your trek into the fresh, cold stream water has you navigating water with varying depths that constantly change, but none higher than chest level. Dependent on the amount of annual rainfall, some spots along the channel may allow for a brief swim. Be aware that you will most likely encounter several forms of freshwater ecology, including snails, freshwater crabs and an occasional wild Rainbow Trout which may just swim between your legs! The area is also home to Cyprus Moufflon (endemic wild sheep) which might also be sighted. This is a pristine, virgin forest area with no modern settlements or human activity nearby, so it is kindly requested that all participants respect the environment and not leave any plastic or non-organic materials behind, including cigarette butts.

Following your water trek, re-board your 4X4 and head to a small canyon comprised of volcanic pillow lava where you will have the rare opportunity to explore Hellenistic – Byzantine period copper mines in what is referred to as “archaeology for thrill-seekers.” While the ancient mineshafts are horizontal, not vertical so you can just walk into them, there will be short amounts of time where you will need to climb over some steep rock surfaces using natural hand and footholds to reach the mine areas. You will no doubt notice that the canyon walls are stained a bright blue-green in places and this is from the oxidized copper salts.

After your mine visits, head back to the port on your 4X4.

**LMS307: THE OUTSTANDING SALAMIS ARCHAEOLOGICAL SITE AND THE GHOST TOWN OF FAMAGUSTA - SEPTEMBER 1, 2021 | $125**

7.5 HOURS | MEAL: LUNCH

Visit an amazing archaeological site in Cyprus – Salamis, and then explore the old town of Famagusta.

Start with a drive from the port to the east side of the island where you will cross the UN patrolled border into northern occupied Cyprus where you will find some of the north's most famous historical sites. Your first stop is the Salamis Archaeological Site that overlooks the Mediterranean Sea. Considered the most outstanding ancient city in Cyprus as well as in the Mediterranean region, it was also once the capital of the island. As you tour the site, your guide will share with you the story of the rise and fall of this once great Greek kingdom.

Next travel from Salamis toward Famagusta, stopping at a local restaurant for a traditional lunch before arriving in the old town for your guided tour that includes a visit to the former Latin Cathedral of Saint Nicholas. Construction on this impressive structure with its two bell towers is thought to have begun around 1300. Today, it is the Lala Mustafa Pasha Mosque. Unfortunately, in accordance with Muslim practice, many of the historic features were removed, including the statues of the saints, and the frescos were covered with plaster. The stained-glass was replaced with clear glass, gravestones and human remains which included the last two Lusignan kings of Cyprus were also taken out. While some may remain hidden under the carpeted floor of the mosque, one can still be seen, that being the tomb of the Bishop of Famagusta who was ordained in 1360 and died in 1365. Make sure to look for the fig-mulberry tree outside the entrance which is thought to be the oldest tree in Cyprus, planted around the time of the original cathedral.

After your guided tour, take advantage of some free time to stroll around the old town and pass by the Othello Tower, part of the 14th-century moated fortress.

Returning to the port in Limassol, make a final stop at Contantia Beach where you will have a panoramic view of what is now the eerily surreal ghost town of Famagusta. Once a bustling holiday resort, it was abandoned during the Turkish invasion in 1974 and remains sealed behind barbed wire barricades.

The tour is not available to wheelchair guests or those with walking difficulties. Guests must be able to enter and exit the vehicle with limited assistance. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders and legs and midriffs must be covered when entering religious sites.

4 HOURS | MEAL: NONE

The ideal tour for history buffs, discover the must-see archaeological sites around Limassol which include the Sanctuary of Apollo Hylates, the Kourion Ancient Theater, House of Eustolios and the Kolossi Castle.

While here, admire the magnificent and fully restored Greco-Roman Theater with its half-moon of seats that face out to the sea. Today, it is once again used for outdoor performances. Another significant site here is the House of Eustolios, a private Roman villa with superb fifth century mosaic tile floors. From this location you can also view the Roman Agora which dates back to the third century and is surrounded by porticos and marble columns.

Your final tour stop is the impressive Kolossi Medieval Castle, an outstanding example of military architecture that was built in the 13th century. It was later rebuilt in the 15th century to its present form. The Castle originally served as the Grand Commandery of the Knights of the Order to St. John of Jerusalem and later in the 14th century, came under the domain of the Knights Templar. Day 1 Your day begins with the three-hour drive to Cairo, the largest city in Africa. On arrival, visit the Citadel of Salah El Dine which is located at the foot of the Mukattam Hills. This imposing fortress, which commands a splendid view of the city, contains the Mohamed Ali Mosque, a 19th century structure which is also known as the Alabaster Mosque.

The three main pyramids were constructed as tombs to preserve each of the pharaohs’ mumified bodies for eternity and viewing them up-close is an unforgettable thing to behold. Just southeast of here you will find the Great Sphinx, a mythical creature with the body of a lion and the head of a man that was carved out of limestone around 2650 BC.

No doubt the laughs will be many as you “surf” down your wave of sand, either mastering it all the way down, or losing your balance and falling into the soft sand. Either way, it’s sure to be the highlight of your day.

From the dunes, drive to Fayoum Oasis where a lunch of typical Egyptian cuisine awaits you. Afterwards, head to Tunis Village, a small village nested on a hill that faces Qarun Lake. Psd308: Journey to Ismailia and the Remarkable Suez Canal - September 2, 2021 | $95 pp

6 hours | Meals: Snack

Spend the day exploring the famous Egyptian city of Ismailia and then experience the amazing technical achievement of the Suez Canal that connects the Red Sea to the Mediterranean Sea.

Start off with a one-hour drive to Ismailia, referred to by the Egyptians as "the City of Beauty and Enchantment." Today, it is the location of the headquarters of the Suez Canal Authority.

Your first stop will be at the Ismailia Museum. While small, it has an extensive collection of artifacts that range from the Pharaonic era through to the Greek and Roman eras. There is a wealth of information here about how the canal was built and there is also a marvelous mosaic that depicts characters from Greek mythology.

Following your time at the museum, you will travel via ferry across the canal to other bank, leaving the continent of Africa and landing on the continent of Asia. On arrival, stop for photos at The Memorial of the October 6, 1973 Victory, which was inaugurated on October 5, 1992. Next, visit Tabet El Shagara which was the headquarters of the Israeli leadership during the October war.

ALY301: THE MARVELOUS ALEXANDRIA MUSEUM AND ICONIC ANCIENT LIBRARY - SEPTEMBER 3, 2021 | $69 PP

4 HOURS | MEALS: NONE

Visit two of the most notable attractions in Alexandria that showcase the historical past of not only Egypt, but this great city that was founded by Alexander the Great.

Start with a drive from the pier to Alexandria’s National Museum. Each of the museum’s three floors depict a different period of Egyptian history, including the Pharaonic and Greco-Roman periods, the Coptic Era and Islamic times. During your tour of the museum, be sure not to miss the displays of artifacts that were retrieved from the bottom of the Mediterranean Sea.

Continue from here to the iconic Alexandria Library or Bibliotheca Alexandrina, as it was called in ancient times. Built at the beginning of the 3rd century BC, the library was not only a repository of books, but it was also a museum, school and the world’s foremost center for learning and scholarly research. There is a lot of speculation about what destroyed the library with many believing it was a fire. However, there is also the theory that the library was only partially destroyed by fire but later succumbed to decline over the course of several centuries when scholars were forced to leave the city. During your visit, you will learn more about its history and architecture and take a walk on the grounds where you will find a museum and galleries.

Following your time at the library, transfer back to the pier.

Special Note: This tour includes approximately 2.5 hours of moderate walking that includes a few steps. The tour is available to wheelchair guests who have a collapsible wheelchair, are able to make their own way on and off the transportation and have a companion to assist them. There are elevators at the museum and library for wheelchair users. We recommend wearing weather appropriate comfortable clothing; sturdy, flat walking shoes with a closed toe; a sun cap; sunglasses and sunscreen.

ALY305: ALEXANDRIA HIGHLIGHTS BY HORSE-DRAWN CARRIAGE AND CITADEL VISIT - SEPTEMBER 3, 2021 | $69 PP

3.5 HOURS | MEALS: NONE

Discover some of Alexandria’s most well-known attractions in a more intimate and non-traditional way as you relax and take it all in from your horse-drawn carriage.

Your tour starts with a coach transfer from the port to the Citadel of Qait Bay, which is considered one of the most important defensive strongholds, not only in Egypt, but also along the Mediterranean Sea coast. Built by Sultan Al-Ashraf Sayf al-Din Qait Bay in 1477 A.D., he established the citadel to defend the city of Alexandria from the advances of the Ottoman Empire, unfortunately his efforts were in vain as they eventually took control of the city 1512 A.D. Spend an hour here exploring this historic fortress before it’s time to embark your horse carriage for a delightful ride along the Mediterranean coast toward the city center. Along the way you will pass by the Abu El Abbas Mosque and the Unknown Soldier Monument.

Arriving in the city center, leave your carriage behind and enjoy an hour of free time here to explore on your own or do some shopping before being driven back to the port.

Special Note: This tour includes approximately one hour of moderate walking/standing that includes some steps and uneven surfaces, plus any additional discretionary walking during free time. The tour is not available to wheelchair guests and may not be suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs and midriffs must be covered when entering religious sites.
The battle of El Alamein was one of the deadliest battles of WWII. During this informative tour, you will learn about how this historic battle unfolded and visit several sites that were significant in the battle as well as the military museum with its extensive exhibits.

Fought in the deserts of North Africa, the Battle of El Alamein is seen as one of the decisive victories of WWII. It was primarily fought between two of the war’s most outstanding commanders, Montgomery who succeeded the dismissed Auchinleck, and Rommel. The Allied victory at El Alamein led to the retreat of the Africa Corps and the German surrender in North Africa in May 1943.

Starting from the port, it’s a drive of just under two hours west to the village of El Alamein. Renowned for its tranquil, scenic beauty and soft, white-sand beaches, it’s also the site of one of the most pivotal battles of the war. Today, it is home to a museum and several war cemeteries that commemorate what took place here and those who lost their lives in the battle.

Your first stop is at the Commonwealth War Cemetery. This sobering location is covered with more than 7,000 tombstones that are spread out over a slope that overlooks the desert battlefield. Soldiers from the U.K., Australia, New Zealand, France, Greece, South Africa, East and West Africa, Malaysia and India who fought for the Allied cause were laid to rest here and their gravesites are maintained by The War Graves Commission.

Continuing on, drive to the nearby military museum. Four main halls represent the various countries that participated in the battle and a joint hall displays weapons, tanks and a series of paintings that depict the battle and Egypt’s role during the war. Additional exhibits include busts of the generals who planned the battle and maps and charts showing troop deployments.

Next, travel to a bluff that overlooks the sea where you will find what looks like a hermetically sealed sandstone fortress. Within its walls are the tombs of German and Italian servicemen and at its core is a memorial obelisk. Following this stop, drive back to the port, enjoying a boxed lunch on the coach.

Special Note: This tour includes approximately 1.75 hours of moderate walking that includes a few stairs. The tour is available to wheelchair guests who have a collapsible wheelchair, are able to make their own way on and off the transportation and have a companion to assist them. We recommend wearing weather appropriate comfortable clothing; sturdy, flat walking shoes with a closed toe; a sun cap; sunglasses and sunscreen.

**ALY306: A LOOK BACK AT THE HISTORIC BATTLE OF EL ALAMEIN - SEPTEMBER 3, 2021 | $69**

6 HOURS | MEAL: LUNCH

Your morning ends with a relaxing lunch at one of Alexandria’s famous restaurants that overlooks the brilliant blue waters of the Mediterranean. Following your lunch break, your tour resumes with photo stops at the Citadel of Qait Bay, the stunning Abu El Abbas Mosque, and finally a stop at the unknown soldier monument.

Your final stop for the day is at the Alexandria Library. First commissioned in 295 BC by the Egyptian ruler Ptolemy I Soter, it was one of the cultural wonders of the ancient world. Representatives of Ptolemy traveled the world collecting books for the Library and it was filled not only with books pertaining to Egypt and Greece, but the entire ancient world. At one time the Library even held the original works of Euripides and Sophocles. Along with being a repository for books, it was also a museum, a school, and a center for scholastic research. Sadly, in 48 BC the city fell under attack from Julius Caesar and a massive fire engulfed large parts of the library, destroying at least 40,000 scrolls. There is a lot of speculation about what finally completely destroyed the library with many believing it was this fire. However, there is also the theory that the library was only partially destroyed by fire but later succumbed to decline over the course of several centuries when scholars were forced to leave the city. In recent years, the Egyptian government and UNESCO joined forces and brought the library back to life as a cultural center for the world.

Filled with memories of a day not soon forgotten, you will drive back to the pier and your waiting ship.

Special Note: This tour includes approximately three hours of mild to moderate walking that includes some steps and natural and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with other mobility concerns. We recommend wearing weather appropriate comfortable clothing; sturdy, flat walking shoes with a closed toe; a sun cap; sunglasses and sunscreen.

When you reach the end of the gorge, you will find yourself on the south coast at Tsoutsouros Village where you can relax and swim at the sandy beach. While a light snack is provided during your journey down the canyon, there are restaurants and cafés in the village where you can purchase lunch and a refreshment.

5 HOURS | MEAL: NONE

Spend the day visiting the ancient settlement of Olounda - a favorite of Minoan luminaries and the historical island of Spinalonga.

Start your day with a drive from the port to the village of Elounda, situated on the southern coast of the Gulf of Elounda and just east of the ancient settlement of Olounda from which it has taken its name. Once a location favored by illustrious figures from Minoan Crete and even some of the more historical figures of our time, this popular fishing village turned resort town still retains its authentic charm.

Boarding a small boat in Elounda, you will enjoy a scenic cruise to the island of Spinalonga. A leper colony until 1957, the island today has gained notoriety as the location featured in author Victoria Hislop’s best-selling novel The Island. Your guided tour around the island includes a stop at the Venetian Fortress with its centuries of history. After the 1571 Ottoman conquest of Cyprus, the Venetians built the fortress in fear the Ottomans would then try to use the sandy shores here to land in Crete.

Sailing back to Elounda, enjoy a buffet of traditional Cretan snacks that include mini pies, meatballs and salads. There is plenty of free time afforded here to explore the shops and perhaps visit the nearby Blue Flag beach, so you may want to wear swimwear under your clothes and bring a beach towel with you.

At the end of your visit, you will rejoin your coach for the drive back to the pier.

*Special Note: This tour includes approximately two hours of moderate walking/standing that includes some steps and uneven surfaces.
