GOING BEYOND THE ORDINARY
Atlas Ashore has adventures for every kind of explorer. From the curious to the adventurous, you can round out your 2021 luxe-adventure voyage with a carefully curated selection of immersive land excursions.

CHARLOTTEVILLE, TOBAGO

CHV301: ANGEL REEF SNORKEL AND SWIM EXPERIENCE
OCTOBER 20, 2021 | $79 pp

3 HOURS | MEAL: NONE

Spend a wonderful few hours sailing out to Angel Reef, famous for having the largest Brain Coral in the world, and then drop anchor and enjoy swimming and snorkeling in the reef’s crystal-clear waters.

Leave the ship via tender and cruise over to the pier at Man-O-War Bay. On arrival, board a coach for the scenic transfer through the mountains to the town of Speyside and the Blue Waters Inn. Waiting for you here is a high-end scuba boat that will transport you down the emerald coast and then out to Angel Reef.

A favorite of divers around the world, the crystal-clear waters of Angel Reef provide remarkable visibility of up to one hundred feet and delight with an abundance of marine life. As you float over thousand-year-old coral formations, your guide will share his knowledge of this underwater environment and the highlights of the area.

Your captain will then drop anchor and you are invited to enter the water and snorkel and swim, getting an up-close view of the coral formations, reef fish, huge sponges, and other diverse marine life in their natural habitat. Of course, if you prefer you may remain on board and simply relax while soaking up the warm rays of the Caribbean sun.

When your memorable exploration of this incredible reef comes to a close, sail back to the Blue Waters Inn and then retrace your route back to the pier in Charlotteville.

Special Note: This tour includes a limited amount of mild walking and approximately 45 minutes of snorkeling time. The tour is not available to wheelchair guests, those with physical limitations or other medical limitations such as heart, respiratory, back or neck problems or pregnant women. Guests must be able to use a swim ladder to enter and exit the vessel while in open water. Participants should be good swimmers and comfortable in water over their head and ocean currents. Those who may suffer from motion sickness are cautioned to take the appropriate precautions prior to the start of the tour. We recommend wearing your swimsuit under a cover-up, flat walking shoes with a non-slip rubber sole; a sun cap; sunglasses and sunscreen. Please bring a towel. Those who enter the water are cautioned that any water activities are at their own risk and responsibility.

CHV302: TREK TO THE MAGNIFICENT THREE - TIERED ARGYLE WATERFALLS - OCTOBER 20, 2021 | $79 pp

4 HOURS | MEAL: NONE

Come explore Tobago's amazing Argyle Waterfalls in the heart of the island's dense tropical rainforest.

Meet your guide in the port and then make the incredibly scenic drive along Tobago's windward coast to the town of Roxborough. Leaving your transportation behind, commence your trek through the rainforest to the remarkably beautiful three-tiered Argyle Waterfalls. Along the way, your naturalist guide will point out the various tropical plants you are passing and share their knowledge of the forest.

Reaching the waterfalls, you can simply relax and soak in the utter tranquility of this magical place or opt for a refreshing swim in the waterfall’s natural pool (be sure to wear a swimsuit under your clothes and bring a towel). After approximately one-hour enjoying the peaceful atmosphere that imbues a sense of well-being, it’s time to walk back to your transportation and transfer back to the pier.

Special Note: This tour includes approximately two hours of moderate to vigorous walking that includes negotiating natural and uneven surfaces and inclines. Portions of the trail may be slippery when wet. The tour is not available to wheelchair guests, those with physical limitations or other medical limitations such as heart, respiratory, back or neck problems. Participants should be in good physical condition. We recommend wearing weather appropriate comfortable clothing; flat walking or sport shoes with a closed toe and non-slip sole; a sun cap; sunglasses, sunscreen, and insect repellent. Those who take part in any water activities do so at their own risk and responsibility.

CHV303: SCENIC RAIN FOREST DRIVE AND ENLIGHTENING COCOA ESTATE VISIT WITH TASTING - OCTOBER 20, 2021 | $79PP

3.5 HOURS | MEALS: SNACK

Enjoy this tour that includes a marvelous drive through Tobago's Main Ridge Forest Reserve and later, visits a Cocoa Estate that produces cocoa that is used in the making of world-class chocolate products.

Meet your guide in the port and then board your coach for the drive into Tobago's rainforest. Your route starts by traveling along Tobago’s windward coast and then turns inland as you enter the Main Ridge Forest Reserve, the oldest established in the Western Hemisphere. The passing scenery is simply breath-taking.

After approximately one-hour, you will reach a renowned Cocoa Estate, known for its high-quality cocoa products. On arrival, meet a member of the Estate Management team who will give you an overview of the estate and then lead you on a guided tour. During your walk, get a first-hand view of the Cocoa trees and learn how they are processed for market. This includes the drying process and the packaging for export markets.

Following your guided experience, enjoy a sampling of freshly brewed Cocoa Tea and a chocolate bar before re-boarding your transportation for the drive back to the port.

Special Note: This tour includes approximately 90 minutes of moderate walking/standing that includes some steps and uneven surfaces. The venue is not wheelchair accessible and therefore, the tour is not available to wheelchair guests. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.
Not only is Belem considered the gateway to the Amazon, but it is also a city filled with charming character and historical significance. This tour allows you to experience several of its cultural highlights.

Meet your guide at the port and drive first to the Teatro da Paz, a cherished jewel of the city. This stunning neo-classical theater exudes architectural grace and elegance. Built in the late 1800s from the wealth generated by the rubber industry, it was designed by the same architect who also designed the famous theater in Manaus. Following your visit here, make your way to the Museum of Sacred Art. Opened in 1998, the museum is the first of its genre in the entire Amazon region. The museum is part of a complex formed by the 17th-century Igreja de Santo Alexandre Church and Palace Episcopal. Considered one of the most important museums in Brazil, it houses over 300 sacred art pieces.

Next, a short walk brings you to the nearby Forte do Presepio, location where the settlement of Belem was founded in 1616. The original construction was little more than mud and sticks but has been expanded and renovated over the following centuries. The purpose of the fort was to end English, Dutch and French poaching upon Portugal's claim to the vast natural resources of the Amazon. The main attraction here is the Museo do Encontro which recreates the history of the Tupinambá Indians, before, during and after the Portuguese settlement. On display are items such as china and coins and there are some original canons from the 19th century.

Your final stop is at the Jewel Hub São José Liberto Museum. As you browse the exhibits, it’s hard to believe that just a few years ago, this location was a turbulent prison. Following a rebellion in 2000, the inmates were moved to another location, thus opening the door for the museum to take up residence. Items on display here include gold, diamonds, emeralds, tourmalines, and other precious and semi-precious gems. The museum gives visitors a great look at the region’s mining history. Be sure not to miss the room that houses the state’s first jewelry collection.

After viewing some jaw-dropping gems, rejoin your coach and transfer back to the pier.

Special Note: This tour includes just over 2.5 hours of mild to moderate walking/standing that includes some steps and uneven surfaces. While the venues are not wheelchair accessible, the tour is available to wheelchair guests who have a collapsible wheelchair, a companion to assist them, and are able to make their own way on and off the transportation and wish to remain on the coach during the stops. Because of the amount of walking, the tour may not be suitable for those with walking difficulties, but they also have the option of remaining on the coach during the stops. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders and legs and midriffs must be covered when entering religious sites.

This tour will exemplify why Belem is called the Gateway to the Amazon as you explore some of the majestic river’s channels and creeks by boat and then stop at a small village for a rain forest walk.

It’s a scenic 90-minute boat trip from the pier in Belem to Boa Vista. En route, you will pass locals in their canoes, small fishing boats, and other watercraft that are making their way along the creeks and channels that lead in and out of the surrounding rain forest. In clearings along the way, see homes of the local inhabitants that have been built on stilts to protect them from potential flooding when the river rises. Crossing Combú Island, you will navigate narrow canals on your way to the village of Boa Vista. When you arrive, take a guided walk into the rain forest, and discover its abundance of vegetation that includes various species of trees, fruits, and other indigenous plants. Perhaps even have a taste of some of the fruit or cocoa nuts you may find.

When your walking tour in the forest concludes, re-board your boat and head back to the pier in Belem, no doubt with a new appreciation of the mighty Amazon.

Special Note: This tour includes just over 2.5 hours of mild to moderate walking/standing that includes some steps and uneven surfaces which may become slippery when wet. The tour is not available to wheelchair guests and may not be suitable for those with other mobility issues; however, they have the option of remaining on the boat during the village stop. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses, sunscreen and insect repellent.
BEL304: EXPLORE THREE BELEM LANDMARKS FOLLOWED BY A LUNCH OF TRADITIONAL FAVORITES - OCTOBER 24, 2021 | $179 PP

4.5 HOURS | MEAL: LUNCH

Enjoy an overview of some of Belem’s landmark attractions that characterize the city’s past and present and then enjoy a tasty lunch of regional favorites.

Your tour begins with a drive from the pier to the Teatro da Paz, a cherished jewel of the city. This stunning Neo-Classical theater exudes architectural grace and elegance. Built in the late 1800s from the wealth generated by the rubber industry, it was designed by the same architect who also designed the famous theater in Manaus. From here, drive to the Ver-o-Peso Market, a popular waterfront site for visitors to the city. The name came about as it was once the location of the tax collector’s office. Today, the market houses hundreds of vendors selling everything from fresh fish and fruits, to locally made handicrafts and medicinal herbs. The bright colors and tantalizing aromas make for a wonderful experience.

From the market, walk to nearby Forte do Presepio, location where the settlement of Belem was founded in 1616. The original construction was little more than mud and sticks but has been expanded and renovated over the following centuries. The purpose of the fort was to end English, Dutch and French poaching upon Portugal’s claim to the vast natural resources of the Amazon. The main attraction here is the Museo do Encontro which recreates the history of the Tupinambá Indians, before, during and after the Portuguese settlement. On display are items such as china and coins and there are some original canons from the 19th century.

Before returning to the pier, stop for a relaxing buffet-style lunch at a local restaurant where you can relax and enjoy some traditional Brazilian dishes.

Special Note: This tour includes approximately two hours of mild to moderate walking/standing that includes some steps and uneven surfaces. While not all of the venues are wheelchair accessible, the tour is available to wheelchair guests who have a collapsible wheelchair, a companion to assist them, and are able to make their own way on and off the transportation and wish to remain on the coach during the stops. Because of the amount of walking, the tour may not be suitable for those with walking difficulties, but they also have the option of remaining on the coach during the stops. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.
Fortaleza, Brazil

For301: Discover the Landmark Attractions of Fortaleza’s Past and Present - October 27, 2021 | $99pp

4.5 Hours | Meal: None

Touch on some of Fortaleza’s notable landmarks on this tour that gives you a glimpse of the city’s historic past as well as present-day life.

Fortaleza’s origins date back to before 1726, when it officially became a city. The Portuguese were the first non-native settlers and their struggle with the Dutch for Fort Schooneburch is what gave birth to Fortaleza, what was then just a small village.

Leaving the pier, commence a panoramic drive that passes by areas such as Futuro Beach, the Dunas district, the President Castelo Branco Mausoleum and Martyr’s Square, all of which perfectly illustrate the diversity and beauty of this charming city. It is infused with a blend of modern buildings as well as historical buildings, such as the Gothic-style Metropolitan Cathedral where you will make your first stop. The third largest cathedral in Brazil, construction on it began in 1939 but wasn’t completed until 1978. Said to have been inspired by the grand cathedral in Cologne, it is nothing short of impressive.

Continuing on, visit Fortaleza’s Tourism Center, which was formerly the old jail, and then the Jose de Alencar Theater. Opened in 1910, the theater’s architecture is a colorful and eclectic Art Nouveau style and in 1975 it was listed as a historic structure by the National Historic and Artistic Heritage Institute.

Next, make your way to the nearby St. Sebastian Market. This very popular public market houses stalls that sell a multitude of products ranging from local fruits and vegetables to utensils to handicraft items. Have some time to browse here before heading to your final stop, an exterior visit at the Dragão do Mar Center of Art and Culture which is located in the area of Iracema Beach. Afterwards, return to the pier where your tour ends.

Special Note: This tour includes approximately two hours of mild walking/standing that includes some steps. The tour is not available to wheelchair guests. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.

For302: Colonial Aquiraz and the Colorful Hues of Morro Branco Beach - October 27, 2021 | $129pp

7 Hours | Meal: None

Travel outside the city of Fortaleza to the colonial town of Aquiraz and Morro Branco Beach, a scenic area that has been featured in several TV and movie productions that is famous for its colorful cliffs and sand dunes.

Your day starts with a relaxing one-hour drive to Aquiraz, a coastal town with both historical and touristic importance that gained village status in 1699. The architecture found within the city showcases a diversity of European, Indian, and African influences that are representative of its various evolutions. Today, you can still see evidence of the vestiges of Portuguese wealth in the sumptuous mansions that can be found in the downtown area.

On arrival, first visit the main church, Igreja da Matriz, considered one of the oldest Roman Catholic churches in the region. From here, move on to the Sao Jose de Ribamar Museum. Located in a former jail, the museum was created in 1967 for the purpose of preserving the region’s religious history. Within its walls are some wonderful displays of sacred art pieces that date from the 17th – 20th centuries. Continuing on, make your way to the Colonial Museum which captures Brazilian culture and history in displays that focus on the importance of the sugar industry and the role it played in Aquiraz’s economic history.

Leaving Aquiraz behind, make the scenic drive to Morro Branco beach. The multi-hued sands and towering cliffs here make for a dramatic backdrop to the nearly empty pristine beaches. It’s easy to see why it is often used as a filming location. Take advantage of your free time here to grab lunch and explore on your own. Perhaps hire a local guide and venture into the labyrinths formed between the dunes and cliffs, or shop for its famous handmade glass works. Whatever you choose, your time in this town, which is both sophisticated and rustic, won’t soon be forgotten.

When your Morro Branco visit concludes, rejoin your guide and coach for the drive back to the ship.

Special Note: This tour includes just over two hours of moderate walking/standing that includes steps and uneven natural surfaces, plus any additional discretionary walking during free time. The tour is not available to wheelchair guests may not be suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs, and midriffs must be covered when entering religious sites.
Head to Cumbuco Beach and have the time of your life as you enjoy a thrilling buggy ride on the ever-shifting sand dunes.

Travel from the pier over the scenic Sunset Road to Cumbuco Beach, located approximately twenty-two miles west of Fortaleza. This once ancient colony of fishermen is now a popular tourist destination. The beautiful main beach is dotted with palm trees, hotels, bars, restaurants and offers numerous optional water activities for visitors and is hot spot for kite surfing. However, your visit today is all about its marvelous sand dunes.

When you arrive, receive your briefing and then set-off on an exhilarating buggy ride over these incredible sand dunes. Drive up the crest of towering sand and then hang on tight as you experience the rush of adrenaline when you zip down the face of the dune. The excitement and fun are simply indescribable. Later, give the local sport of Ski-bunda (literally skiing on your bottom down a dune) a try. After all this time in the sand, you will no doubt be ready for a refreshing dip in the Parnamirim Lagoon!

Following your sand adventures, you are afforded some free time to have lunch on your own and relax on the beach before it’s time to head back to the pier.

Special Note: This tour is primarily seated, and walking is at the guest's discretion during free time. The buggy ride can be bumpy with vertical drops. The tour not available to wheelchair guests, those with physical limitations or other medical limitations such as heart, respiratory, back or neck problems or pregnant women. Those who may suffer from motion sickness are cautioned to take the appropriate precautions prior to the start of the tour. We recommend wearing weather appropriate comfortable clothing that can get dirty and wet; flat walking shoes with a non-slip sole; a sun cap; sunglasses and sunscreen. Those who wish to swim should wear a swimsuit under their clothes and bring a towel. Guests who participate in any water activities do so at their own risk and responsibility. The provider may require signing a waiver before taking part in the tour.
Of the many things Brazil embraces as part of its heritage, authentic dance is one of them. This tour will introduce you to two dances that truly reflect the diversity of this area of Brazil, the African fight dance of Capoeira and the more regional, Forró.

Travel from the pier to the outskirts of Natal and the community of Boa Vontade. On arrival, you will be warmly greeted and then invited to sit back and enjoy what is to come. A local group of Capoeira dancers and dance masters who visit the poorer communities to teach children the art of this African fight dance, will now treat you to an exhibition performance. Brought to Brazil by slaves in the 16th century, it is best described as a combination of martial arts and dance that is characterized by quick, powerful moves and a certain amount of aerobatics thrown in. The action-packed sequences make it quite fascinating to watch.

Next, travel to Natal’s Tourism Center for a visit and introduction to the Brazilian dance called Forró that originated here in the northeast. This equally unique cultural dance, while lively in nature, is decidedly more intimate, flirtatious, and performed as a couple. While some compare it to Samba, lovers of the dance (or forrozeiros) will be quick to assure you it is not.

Following your visit and dance demonstration, you will drive back to the pier where your tour concludes.

Special Note: This tour includes approximately two hours of mild walking/standing that includes some steps. The tour is not available to wheelchair guests. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.

This primarily panoramic tour is a perfect introduction to some of Natal’s key landmarks and covers both the old and the new.

Begin with a scenic drive that passes through the area of Ribeira, the older section of Natal. Then make your way to downtown Natal and pass by the Governor’s Palace which is the home of the regional Governor, the Mayor’s office, and other significant points of interest. As you leave the downtown area, pass Ponta Negra Beach on your way to Pirangi Beach and its famous cashew tree, the largest in the world. The 177-year-old tree comes in at a whopping 8,000 square meters, covering roughly 2 acres of ground. Unlike typical cashew trees, when the branches of this tree touch the ground, it puts down roots and keeps growing. It is quite something to behold.

From here, make your way to the 16th-century Portuguese Fort Reis Magos which was the foundation of Natal. Dating back to the 1500s, the five-pointed star fort was erected on a reef and surrounded by water, thus making it accessible on foot only during times of low tide. Inside the fort you can see the soldier’s quarters, a chapel, and several cannons.

Following your time at the fort, travel back to the pier in Natal.

Special Note: This tour includes approximately one hour of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.
Even more so than its beautiful beaches, Brazil's coast is known for its many incredible sand dunes and Natal is probably the most famous of all with over 4,000 acres of dramatic dunes. People from all over the world come here to experience the thrill of riding a dune buggy over these remarkable dunes, many having natural clear lakes within them.

Meet your guide in the port and board your transportation for the drive to Santa Rita Beach. On arrival, receive a short briefing and then hop in your buggy. Your adventure then starts at Genipabu Beach where you will navigate the soft dunes, all the while being treated to spectacular views over the ocean and Genipabu Lagoon where you will have a brief stop. Your buggy ride continues from here along the coast to Pitangue Lagoon where there will be time for a refreshing swim and a local refreshment to cool you down.

Next, drive to beautiful Jacumã Beach, your final stop and where you will enjoy lunch and time permitting, be able to take a swim in the ocean. Afterwards, board your coach and make the scenic drive back to the pier.

Special Note: This tour is primarily seated; however, the dune buggy ride can be bouncy and at times jarring. The tour is not available to wheelchair guests, those with physical limitations or other medical limitations such as heart, respiratory, back or neck problems or pregnant women. Those who may suffer from motion sickness are cautioned to take the appropriate precautions prior to the start of the tour. We recommend wearing weather appropriate comfortable clothing that can get dirty and wet; flat walking shoes with a non-slip sole; a sun cap; sunglasses and sunscreen. Those who wish to swim should wear a swimsuit under their clothes and bring a towel. Guests who participate in any water activities do so at their own risk and responsibility. Participants will be required to sign a waiver before being allowed to participate in the tour.
Extend your time in Brazil with a trip to Manaus to explore and immerse yourself in the natural wonders of this region. The capital of the Amazon region, Manaus, is located in the middle of the jungle alongside the Negro River which is a tributary of the Amazon River. There is a wealth of things to see, experience and learn about while here and you will no doubt come away with memories that will last a lifetime.

Day 1 – Friday, October 29, 2021: Disembark the ship and transfer directly to the airport for your flight to Manaus. On arrival in this captivating city that is surrounded by lush jungle and pristine rivers, you will be taken to your accommodation, Hotel Villa Amazonia (or similar). Have dinner here and then the balance of the evening is at your leisure.

Day 2 – Saturday, October 30, 2021: Following breakfast at the hotel, set-off for the drive to the bungalow-style Eco Park lodge in the heart of the Amazon. After check-in, take part in an afternoon tour that visits a “caboclo” home and then enjoy a motorized canoe ride during which you can learn about the local indigenous communities’ traditions, customs, the rubber boom, and how to prepare a typical cassava meal.

Returning to the lodge, have dinner and then get ready for an evening canoe ride. From the canoe, you can appreciate the vast variety of jungle sounds and try to spot alligators and other nocturnal animals. Your guide will even try to catch a small alligator so you can see it up close and learn about the reptile’s habitat, hunting methods and biology. After releasing it back into the water, return to the lodge for the balance of the evening at your leisure.

Day 3 – Sunday, October 31, 2021: After breakfast, your full day of touring starts with a cruise aboard a double-decker boat down the Rio Negro. As you navigate down the river, you’ll pass by the shores of Manaus and be able to view some of the city’s landmarks, such as the Amazonas Theater, the port of Manaus and some typical stilts houses. Late morning, you will arrive at the “Meeting of the Waters”, a natural phenomenon whereby the two different colored waters flow together for approximately 7 miles without ever mixing together. This occurrence is due to the differences in temperature, density, and speed of the rivers. The phenomenon happens due to differences in temperature, density, and speed of both rivers. This spectacular merge of the Negro and Solimões Rivers form the Amazon River that flows all the way to the Atlantic Ocean.

Following your day of river touring, return to the lodge and have the remainder of the day at your leisure where there are plenty of activities to engage in and then enjoy dinner.

Day 4 – Monday, October 31, 2021: Breakfast today is followed with a morning visit to the Monkey Forest project. Created in 1991, it provides a home for wild animals. The team of veterinarians and biologists rescue animals from illegal commerce, give them shelter and help with their rehabilitation and re-introduction to their natural environment. Twice a day, they receive supplements to ensure they are receiving the proper nutrients and the best time to see them is during these times. Feel free to take photos and video here in this natural and safe setting.

Following lunch at the lodge, climb aboard a canoe and head out for a fishing tour. Along with your guide, learn how to catch fish that make the river their home, including piranhas. Just make sure to keep your hands in the canoe! When your fishing expedition ends, return to the lodge for dinner and your final night here.

Day 5 – Tuesday, November 1, 2021: Your day starts with breakfast at the lodge and then check-out by 10:30 a.m. and head to the airport in Manaus for your flight home.

Special Note: This tour includes a mixture of moderate to vigorous physical activity over several days that can include steep inclines, natural and uneven surfaces. The tour is not recommended for wheelchair guests as several of the activities are not wheelchair friendly. Those with other physical limitations should carefully evaluate their personal level of ability. We recommend wearing weather appropriate comfortable clothing; flat, sturdy walking shoes with a closed toe; a sun cap; sunglasses, sunscreen, and insect repellant.

*** Please book your flight home (or elsewhere) from Manaus – MAO.
