RECO50PRE: JOURNEY TO MANAUS AND AMAZON ADVENTURE - OCTOBER 25, 2021 | $1,995 per person
5 DAYS / 4 NIGHTS | MEALS: YES

Start your holiday early with a trip to Manaus to explore and immerse yourself in the natural wonders of this region. The capital of the Amazon region, Manaus, is located in the middle of the jungle alongside the Negro River which is a tributary of the Amazon River. There is a wealth of things to see, experience and learn about while here and you will no doubt come away with memories that will last a lifetime.

Day 1 – Monday, October 25, 2021: On arrival in Manaus, a captivating city that is surrounded by lush jungle and pristine rivers, you will be taken to your accommodation, Hotel Villa Amazonia (or similar). Have dinner here and then the balance of the evening is at your leisure.

Day 2 – Tuesday, October 26, 2021: Following breakfast at the hotel, set-off for the drive to the bungalow-style Eco Park lodge in the heart of the Amazon. After check-in, take part in an afternoon tour that visits a "caboclo" home and then enjoy a motorized canoe ride during which you can learn about the local indigenous communities' traditions, customs, the rubber boom, and how to prepare a typical cassava meal.

Returning to the lodge, have dinner and then get ready for an evening canoe ride. From the canoe, you can appreciate the vast variety of jungle sounds and try to spot alligators and other nocturnal animals. Your guide will even try to catch a small alligator so you can see it up close and learn about the reptile's habitat, hunting methods and biology. After releasing it back into the water, return to the lodge for the balance of the evening at your leisure.

Day 3 – Wednesday, October 27, 2021: Start your day with breakfast at the lodge and then set off for a full day of touring, starting with a cruise aboard a double-decker boat down the Rio Negro. As you navigate down the river, you'll pass by the shores of Manaus and be able to view some of the city's landmarks, such as the Amazonas Theater, the port of Manaus and some typical stilt houses. Late morning, you will arrive at the "Meeting of the Waters", a natural phenomenon whereby the two different colored waters flow together for approximately seven miles without ever mixing together. This occurrence is due to the differences in temperature, density, and speed of the rivers. This spectacular merge of the Negro and Solimões Rivers form the Amazon River that flows all the way to the Atlantic Ocean.

Following your day of river touring, return to the lodge and have the remainder of the day at your leisure where there are plenty of activities to engage in and then enjoy dinner.

Day 4 – Thursday, October 28, 2021: After breakfast, spend the morning at the Monkey Forest project. Created in 1991, it provides a home for wild animals. The team of veterinarians and biologists rescue animals from illegal commerce, give them shelter and help with their rehabilitation and re-introduction to their natural environment. Twice a day, they receive supplements to ensure they are receiving the proper nutrients and the best time to see them is during these times. Feel free to take photos and video here in this natural and safe setting.

Following lunch at the lodge, climb aboard a canoe and head out for a fishing tour. Along with your guide, learn how to catch fish that make the river their home, including piranhas. Just make sure to keep your hands in the canoe! When your fishing expedition ends, return to the lodge for dinner and your final night here.

Day 5 – Friday, October 29, 2021: Your day starts with breakfast at the lodge and then check-out by 10:30 a.m. and head to the airport in Manaus for your flight to Recife where you will embark the ship.

ITJ302: BLUMENAU – BRAZIL’S SLICE OF GERMANY - NOVEMBER 7, 2021 | $99

Visit this colorful Brazilian enclave that may have you feeling more like you are in Bavaria than Brazil.

Founded in 1850 by German immigrant Hermann Otto Blumenau and sixteen fellow countrymen, the city has held on to its German heritage and many still speak German and live by German traditions. The original founders were impressed by the fertile soil of the Itajai Valley and the agricultural potential of the area and so started their settlement here. Blumenau and the surrounding cities make up one of the most important textile areas in the world and the metals and machinery sectors are also relevant contributors to the region's economy.

Your picturesque drive from the pier is just under 90 minutes and follows the banks of the Itajai Açu River. On arrival, a panoramic driving tour through the historic district highlights European inspired architecture and some of the most notable landmarks you will see include the Teatro Carlos Gomes, the Flower Clock, the Biergarten at Praça Hercílio Luz, where Blumenau folks have gathered since immigrant colonial times, the St. Paul Cathedral, and the Lutheran Church. During a visit at the Colonial Family Museum, learn about the importance of German heritage in the history of Southern Brazil that dates to the 1850's and enjoy listening to accounts of the city's founder and the travails of the city’s early settlers. Also hear about the severe flood that ravaged many parts of the city in the 1980s and how the citizens organized an Oktoberfest party to collect reconstruction funds which has since become a tradition and one of Brazil's most popular festivals, taking place every October.

Your final stop is at Vila Germânica, where the Oktoberfest and Sommerfest shows take place. Enjoy a snack here and some free time to stroll about and do some shopping or perhaps sample some of the famous micro-brewery Eisenbahn beer before rejoining your coach for the trip back to the pier.

Special Note: This tour includes approximately two hours of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs, and midriffs must be covered when entering religious sites. PDP501: VISIT TO HARAS GODIVA EQUESTRIAN CLUB AND HORSEBACK ADVENTURE ON THE BEACH - NOVEMBER 10, 2021 | $399pp

4.5 HOURS | MEAL: SNACK

A wonderful adventure awaits you at the extraordinary Haras Godiva Equestrian Club where you will gallop along the coast of the Atlantic Ocean and later, have an opportunity to chat with the trainers and enjoy some refreshments.

Depart from the pier for a picturesque 45-minute drive to the Haras Godiva Equestrian Club. This renowned ranch and club is a mecca for horse lovers. It is the spot for the local equestrian community to gather and train with their horses, as well as enter competitions. Most recently, it has included an Olympic caliber International Dressage School. Today, we are fortunate that it also offers a wonderful tour for visitors to experience riding along the Atlantic beaches of Punta del Este on a well-trained horse.

On arrival, you are greeted by the staff, receive your safety briefing and are paired with a horse that best matches your size and experience level. Then it's time to mount up and head off down a trail that crosses country landscapes and ends up on the wide desert beach of José Ignacio. Feel at one with your horse and nature as you gallop down the beach, refreshed by the exhilarating sea breeze and the sight and sounds of the waves breaking on the shore. It's a slice of heaven.

Your beach ride takes you to the end of the Garzón Lagoon where you will turn inland and cross sand dunes and country roads as you make your way back to Haras Godiva. Back at the ranch, say good-bye to your equine friend and relax with a snack and beverage. Time permitting, take the opportunity to stroll about the grounds, see the horses and speak with the trainers.

When your visit concludes, re-board your transportation and transfer back to the pier.

Special Note: Guests should not have physical limitations and have some experience riding a horse. Comfortable long pants are recommended and closed-toe shoes are required. This tour includes a limited amount of mild walking and approximately two hours of horseback riding. The tour is not available to wheelchair guests, those with physical limitations or other medical limitations such as heart, respiratory, back or neck problems or pregnant women. Guests should be in reasonably good physical condition and have some previous experience riding a horse. PDP503: TANDEM SKY DIVING OVER PUNTA DEL ESTE - THE ULTIMATE THRILL! - NOVEMBER 10, 2021 | $999pp

3 HOURS | MEAL: NONE

If you are up to the challenge of jumping out of an airplane at nearly 10,000 feet and crave an adrenaline rush, look no further, this tour has your name on it.

Leonardo Da Vinci once said, “Once you’ve tasted flight, you’ll walk forever on Earth with your eyes turned skyward, for there you have been, and there you will always long to return.” Perhaps no truer words were spoken for those who have experienced the thrill of sky diving.
Your adventure kicks off with a short, scenic drive to the Jagüel Airport where you will meet with your instructor, receive a safety briefing, instructions, and an overview of what to expect. Then it's time to board your plane and take flight. After climbing for approximately 15-20 minutes, you will reach an altitude of nearly 10,000 feet, at which point you will be strapped to your instructor and then your heart-pounding, step out into the open air. As you drop away from the plane, the air envelopes you and you might not be sure if the exhilaration you are feeling is from the adrenaline of having just jumped from a plane, or the expansive views of the surrounding environs of Punta del Este spread out below you. The only sound is the rushing of air as you free fall through the skies for approximately 35 seconds, anticipating the instructor pulling the ripcord and sending your parachute billowing above you. Once deployed, your rate of descent slows and you are able to catch your breath and absorb the experience as you float back to earth. It takes around eight minutes to reach the ground and upon landing, emotions of sheer joy and a sense of having conquered this adventure will no doubt mingle with your sense of relief at being back on terra firma!

Disconnecting from your instructor and equipment and perhaps still a bit overwhelmed by your accomplishment, make your way back to your transportation for the drive back to the pier where you can later share your experience with your shipmates.

Special Note: This tour includes a limited amount of walking. The tour is not available to wheelchair guests, those with mobility issues or medical limitations such as heart, respiratory, back or neck problems or pregnant women. It is not recommended for those with a fear of heights. We suggest wearing long pants; athletic shoes; sun glasses and sunscreen. All necessary equipment is provided. Guests will be required to sign a waiver before being allowed to participate in the tour.

Your final stop is at Casapueblo, the home and studio of internationally renowned artist Carlos Paez Vilaró. NOVEMBER 10, 2021 | $129pp

In addition to sea lions, the island is home to several species of South American fur seals as well. As a protected nature reserve, no landing is permitted but you will be able to circle the island and have unrestricted views of the sea lions. Some of them even seem to be posing for you as they perch on the rocks!

After approximately 45 minutes, your catamaran will head back to the pier where your tour concludes.
