Your day begins with a drive to the Virgin Mary’s House. Archaeological evidence dates the small house back to the sixth century; however, the foundations date back to the first century. Although there is no conclusive evidence Mary ever lived here, it has become a Catholic shrine and been visited by several Catholic popes and Catholic pilgrims.

Next, make your way to the Ephesus ruins, a UNESCO World Heritage Site that dates to the third-century BC. One of the largest Roman archaeological sites in the area, it was also where the Temple of Artemis once stood, one of the Seven Wonders of the Ancient World. Today, you are able to see the numerous remains of the city which include the spectacular two-story Library of Celsus, the Odeon Theater and the 24,000 seat Great Amphitheater where St. Paul once preached. The perfect acoustics of this theater still make it a viable venue for magical musical performances today.

The highlight of your visit may well be entry into the newly opened portion of the historic Terrace Houses which are located on the slopes behind Ephesus, constructed with four domes along a longitudinal axis and a pair flanking the central dome to form the arm of the cross. Beneath the central dome was the grave of St. John.

Returning to Kusadasi, there will be time for exploring on your own, shopping or an optional carpet demonstration.

Special Note: This tour includes nearly three hours of moderate walking/standing that includes numerous steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. KUS309: EXCLUSIVE BEHIND-THE-SCENES TOUR OF EPHESUS WITH AN ARCHAEOLOGICAL EXPERT - SEPTEMBER 7, 2021 | $119pp

5 HOURS | MEAL: NONE

Explore behind-the-scenes at Ephesus with an archaeological expert as your guide and see areas not usually included in the public tours.

Travel from the pier to St. Paul’s prison, which is also known as the Watch Tower. Built by the Romans, its location on a hill by the seaside made it an ideal place to protect the surrounding peninsula. It is unclear if it served as a prison for St. Paul, but it is believed he was held here to protect him from the protests against him taking place in the Great Theater. Your visit here is exclusive in that this area is not open to the general public. The 10-minute walk up the hill is well worth the effort as it affords you a wonderful panoramic view of Ephesus and the surrounding area.

From here, drive to the upper gate of Ephesus where you will commence your guided walking tour of the site conducted by an archaeological expert. See the Grand Theater and Celsus Library and then continue on to the Agora, Domitian Temple, and Curetes Street. The information imparted by the archaeologist gives added insight into what you are viewing as it goes beyond the normal tour narration.

Continuing on, make your way to the Terrace Houses using a less-traveled path up the slope to the houses. Situated across from the Hadrian Temple, these homes of the wealthy Ephesians provide a significant look into their daily lives during the Roman period. Next, your behind-the-scenes walk will pass near St. Paul’s Cave, unearthing secret locations in Ephesus along with showcasing some incredible views of the site.

Leaving Ephesus behind, you will next drive to the House of the Virgin Mary. Archaeological evidence dates the small house back to the sixth century; however, the foundations date back to the first century. Although there is no conclusive evidence Mary ever lived here, it has become a Catholic shrine and been visited by several Catholic popes and Catholic pilgrims. Afterwards, you will drive back to the pier in Kusadasi.

Special Note: This tour includes approximately 2.5 hours of moderate to vigorous walking/standing that includes a significant incline, numerous steps, and uneven surfaces to negotiate. The tour is not available to wheelchair guests or those with other walking difficulties or mobility concerns. We recommend wearing weather appropriate comfortable clothing; walking shoes with a closed toe and non-slip sole; a sun cap; sunglasses and sunscreen. We further recommend bringing a bottle of water from the ship. Shoulders, legs, and midriffs must be covered when entering religious sites. All shopping and/or carpet demonstrations are optional and at the guest’s discretion.
While any visit to Kusadasi usually includes time at Ephesus, there are a multitude of wonderful attractions to see beyond there. This tour introduces you to two of those that are equally worth exploring and well-suited for those who have visited Ephesus in the past.

Leaving from the port, you will first set out for the House of the Virgin Mary. It’s a pleasant drive out to Mt. Pagus where a small, tree-lined path leads to a small stone cottage. Clinging to the side of Bulbul Mountain, it is believed to be the last home of the Virgin Mary, who traveled there in the company of St. John sometime around 40 A.D. near the end of her life. The home was officially recognized by the Vatican in 1896 after being described in visions by a German nun who had never seen it. In fact, it had yet to be discovered at that time. Today, both Christians and Muslims make religious pilgrimages to the site. Beside the house you will find a fountain where a sacred spring feeds three fountains that each bestow a unique blessing upon visitors.

Continue from here through the countryside to the nearby village of Sirince which is a perfect blend of Turkish and Greek cultures. Enjoy free time here to explore on your own, strolling its narrow streets with their quaint village homes and soaking up the atmosphere of authentic village life. Famous for its fruit wines, you will be given an opportunity to sample some of them at a local café.

Following your time in Sirince, you will transfer back to Kusadasi where you will have the option of being dropped off in the center of town or returning directly to the pier.

Special Note: This tour includes approximately two hours of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs, and midriffs must be covered when entering religious sites.

Spend time discovering two important and historical cities in the Kusadasi region, Didyma and Miletus.

Start with a scenic one-hour drive from the pier to Miletus, thought to be the oldest of the Ionian cities. The city was home not only to explorers and traders, but many well-known intellectuals as well, such as Anaximenes who contemplated the heavens; Anaximander, the father of geography; Thales, a pioneer of astronomy and geometry who calculated the height of the Pyramids in Egypt; and Hippodamus, the ancestor of modern city planners whose work you can observe in Miletus’ organized, grid-like pattern of streets. Once a great seafaring city, visitors today may wonder how that was given it is 5-miles from the sea. The answer is the Meander River which over the course of time left large deposits of silt that gradually built up the shoreline and distanced the city from the sea. Your visit here will last approximately one-hour, during which you can wander its ancient streets and the ruins of the amphitheater.

Continuing, travel to Didyma and see its famous Temple of Apollo. For as long as one can remember, there has always been a challenge to build the next “world’s tallest building” and that seems to be what the past inhabitants were striving for as they built the temple. Taking over 500 years to build, it was still never completed due to huge costs and engineering setbacks. Travelers from around the ancient world came here to seek the counsel of an oracle who was the voice of Apollo, the God who could not tell a lie. While only three of the original 100 columns remains, it is still possible to imagine the impressive beauty of the site that was the third largest man-made structure in the ancient world.

Returning to Kusadasi, you will have the option of being dropped off in the center of town or returning directly to the pier.

Special Note: This tour includes just under two hours of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.
KUS312: THE FORGOTTEN CITY OF METROPOLIS, VINEYARD VISIT & WINE TASTING - SEPTEMBER 7, 2021 | $169.00

6.25 HOURS | MEAL: LUNCH

Come explore the ancient site of Metropolis, which dates back to the Neolithic period. Later, enjoy lunch and a wine tasting at one of the area's most renowned vineyards.

Travel approximately one hour from the pier to Torbali, location of the Metropolis ruins. Excavations here which began nearly 30 years ago, have revealed a history that dates back to the Classical Age; Hellenistic Era; Roman, Byzantine, Beylik and Ottoman periods. Found during the excavations were a Hellenistic theater, a council building, columned gallery, two Roman bathhouses, a sport area, mosaic tiled hall, houses, stores, toilets, and many streets. Other notable items that have been found are a cistern that provided water to the city and a temple dedicated to the war god Ares, one of only two known such temples. Metropolis was at one time a part of the Hellenistic kingdom of Pergamum and during this period the city reached its zenith of cultural and economic life. What is visible today is primarily a Hellenistic city heavily Romanised, and with Byzantine remains.

Next, drive to the nearby Arkas Lucien vineyards. The wine here has a distinctive flavor, due in large part to the Aegean soil, rainfall amount, climate, and dominant winds throughout the year. These things along with tender care and patience, have produced a wonderful product. 'Ecocert' certified organic viniculture methods are used during cultivation; and the harvests are carried out during the night chill, a method that helps to preserve the authentic fruity aroma of the grapes. After touring the property, you will enjoy a delicious lunch and wine-tasting of some of their wonderful products before driving back to the pier in Kusadasi.

Special Note: This tour includes just under three hours of moderate walking/standing that includes some steps and natural, uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes with a closed toe; sun cap; sunglasses and sunscreen.

One of the best-known in Cyprus, it was founded in the 12th century by its namesake monk. After being jailed for pursuing an ascetic life, he disappeared into the hills where he came across a small cave in 1159. Over time, he transformed the cave into a chapel and his own living space. Named Enkleistra, it became a quiet monastic community in 1170 when Paphos’ Bishop convinced him to take on a student. The number of monks here remained quite small due to Neophytos’ strong beliefs against materialism and his desire to remain undisturbed. A pleasant surprise are the incredible Byzantine frescoes found here that date back from the 12th – 15th centuries.

PFO306: INCREDIBLE PAPHOS – A UNESCO WORLD HERITAGE SITE AND ARCHAEOLOGICAL PARK - SEPTEMBER 9, 2021 | $85PP

3.5 HOURS | MEAL: NONE

Discover several of Paphos’ marquee attractions that have led to the city being named a UNESCO World Heritage Site.

The legacy of Paphos’ remarkable history is such that it is considered nothing less than an open-air museum which led to UNESCO including the entire town as a cultural heritage location.

Begin with a short drive from the pier to the Basilica of Chrysopolitissa and the Pillar of Saint Paul. The Pillar is said to be the location where St. Paul was flogged for preaching Christianity and has become a popular pilgrimage stop. The Basilica was built in the fourth century A.D. and you can still see what remains of several granite and marble Corinthian-styled columns as well as some preserved mosaic tiled pieces of the original floor.

Next, drive to the Tombs of the Kings that dates back to the Hellenistic and early Roman periods. These tombs and underground chambers were carved from rock and were made to resemble the houses of the living. Although the tombs belong to high-ranking officials and aristocracy rather than kings, due to the size and splendor of the tombs, they gained the moniker of Tombs of the Kings.

The final stop is at the House of Dionysos, thought to have been built around the end of the second century AD and later abandoned after the destructive earthquakes of the fourth century AD. The large villa with its central courtyard is perhaps the most impressive archaeological site in Paphos and depicts the life of the wealthiest residents of Paphos during the Roman period. It is also renowned for having what is perhaps the most impressive collection of mosaics in the Mediterranean.

Following your visit, transfer back to the port.

ASH503: BEIT GUVRIN CAVES EXPLORATION, ARCHAEOLOGICAL DIG AND ROWING IN THE POOL OF ARCHES - SEPTEMBER 12 OR SEPTEMBER 13, 2021 | $199pp

6 HOURS | MEALS: LUNCH

Explore the underground wonders of the Beit Guvrin caves and archaeological site and then travel to an underground water cistern in Ramla where you can row through its numerous arches and corridors.

Drive approximately 40 minutes from Ashdod to the Beit Guvrin – Maresha National Park. This important archaeological site and national park is where you will find the ancient city of Tel Maresha and the amazing caves of Beit Guvrin. The Caves at Beit Gurvin encompass at least 800 bell-shaped caves, the most famous being the Bell Cave. Originally, they were quarried for their chalk to make roads, plaster, and mortar during the fourth to ninth centuries and later some were used for defensive hideouts and storage. Some of the most impressive are the Sidonian painted burial chambers. During your visit you may also take the opportunity to join in an active archaeological dig as a special program here will allow you to dig for the day on a real site that is still producing artifacts that date back to the Roman era. Some of the ruins here include an amphitheater and the remains of several Christian churches. The mosaics that have been uncovered point to this area having been a Roman civilization at one time.

Next, travel to a local restaurant for lunch before arriving at the underground cistern in Ramla. Built in 789 AD, it is a testament to its excellent construction as it has survived intact despite earthquakes that damaged the town of Ramla. Fed by a central aqueduct, it is believed the pool was constructed here because of a small spring in the area.

Descend a few stairs down to the pool where you will find three rows of columns, all built from stone. Each row also has five columns which support the curved arches that support the roof. See the square hatches in the ceiling where it is thought the residents were able to draw their water using pails suspended on ropes. Then take advantage of the opportunity to board a rowboat and further explore the cavern of this historical site that exudes a somewhat other-worldly atmosphere.

Returning to above-ground, rejoin your coach and make a brief stop at the Ramla Market before traveling back to the pier in Ashdod.

Special Note: This tour includes approximately 2.5 hours of moderate walking/standing that includes steps, stairs, and uneven natural surfaces to negotiate. Time spent aboard the coach is approximately three hours. The tour is not available to wheelchair guests and may not be suitable for those with other walking difficulties or mobility concerns. We recommend wearing weather appropriate comfortable clothing; flat walking shoes with a non-slip sole; a sun cap; sunglasses and sunscreen.

Discover the ancient beauty of Jerusalem and Bethlehem while visiting some of history's most sacred sites during this scenic, full-day sightseeing tour of Israel's capital city and Bethlehem - birthplace of Jesus.

Israel radiates history, both secular and religious to the extent that familiar names will catch your attention all the way from Ashdod to Jerusalem. Arriving in Jerusalem enjoy a panoramic drive through the capital, passing the Knesset (Israel's parliament), the Supreme Court and the Shrine of the Book.

Continue to the Mount of Olives for a magnificent view over the Golden City and then drive to the Valley of Kidron where you will follow in the footsteps of Jesus as you walk through the Garden of Gethsemane. It was in this garden of olive trees that Jesus spent the last moments before his arrest and early Christians were already holding gatherings here before the first church was built around AD 380. While here, visit the Church of All Nations and see some of the oldest olive trees in Jerusalem.

Re-board your coach and head to a local venue for a hearty lunch, followed by a drive to Bethlehem. Here, in the city of Jesus' birth, visit the Church of Nativity, built above the place where Christ is said to have been born. The actual cave of the Nativity is a small crypt with a vaulted masonry roof. Poor Bethlehem families used the rocky hollows of the region as stables or dwellings, so the tradition that places the Nativity in a cave is not at odds with the story of the manger.

After visiting the church, there's an opportunity to shop for souvenirs at a local shop. On the way back to Jerusalem, a stop for photos is made at the Sherover Promenade which affords a wonderful panoramic view of the city and the Temple Mount. From here, it's a direct transfer back to the ship in Ashdod.

Special Note: This tour includes approximately four hours of moderate walking/standing that includes some steps, stairs and inclines to negotiate. Time spent driving on the coach is approximately four hours. The tour is not available to wheelchair guests and is not considered suitable for those with other walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs and midriffs must be covered when entering religious sites. All shopping is optional and at the guest's discretion. There is no restroom stop on the approximately 90-minute drive between Ashdod and Jerusalem. All visitors to Bethlehem must have their passport with them. This tour does not visit the Old City of Jerusalem or the Wailing Wall.

Discover the beauty of historic ancient Jaffa and the vibrant city of Tel Aviv which is a fusion of modern city and iconic sacred sites.

Drive 90 minutes from the pier in Ashdod to Old Jaffa where your walking tour commences. Once the only entry port into Israel, today it is a microcosm encircled by the city of Tel Aviv, yet it still retains its colorful character and due to a restoration project in the 1960s, is very well preserved.

With your guide, travel on foot amongst old stone buildings and arches, and narrow, winding cobblestone alleys filled with artists’ galleries. You can even view Andromeda’s Rock in the distance. This is where the prophet Jonah boarded the ship for Tarshish, St. Peter stayed in the house of Simon the Tanner, and Andromeda, the daughter of Jaffa's king, was tied to a rock, awaiting the sea monster. Next, visit the new Jaffa Tales Visitor Center to learn about archaeological finds through a virtual performance that brings past heroes to life.

Continuing on, re-board your coach and sit back and relax during a narrated panoramic driving tour of modern Tel Aviv. Rothschild Boulevard is known for its 1930s Bauhaus buildings and the extraordinary balconies that lend Tel Aviv its 'White City' nickname and earned its status as a UNESCO World Heritage Site. Upon reaching the Tel Aviv Sea Promenade and the lively port area, step off your coach for a bit and join the crowds strolling among the many trendy cafes and restaurants, absorbing the city's lively atmosphere all around you before it's time to drive back to the port in Ashdod.

Special Note: This tour includes approximately two hours of moderate walking/standing that includes steps, stairs, uneven and gravel surfaces to negotiate. Time spent aboard the coach is approximately 2 ½ hours. The tour is not available to wheelchair guests or those with other walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes with a non-slip sole; a sun cap; sunglasses and sunscreen.
This full-day excursion to Jerusalem explores the history of the Jewish people during visits to some of the city’s most important and renowned landmarks.

From the pier, drive to Jerusalem via the scenic Judean Mountains. Your first stop will be at the Yad Vashem Holocaust Museum - a sanctuary and temple of memories dedicated to the millions of Jews who died during World War II. Housed here is a remarkable documentary collection which illustrates the persecution that took place from 1933 to 1945. A visit to the Children's Memorial is also included.

Next, drive to the Israel Museum where you will visit the Second Temple Model of Jerusalem, which reconstructs the topography and architecture of the city at the time of its destruction in AD 70. Must-see exhibits here include the Shrine of the Book and the Dead Sea Scrolls, possibly Israel's most important archaeological find of the 20th century.

Rejoining your coach, pass the Knesset, Israel's Parliament while driving to a local restaurant for lunch. Afterwards, drive up Mt. Scopus for a marvelous panoramic view of the Old City and the Temple Mount. Then, continue on to Mt. Zion, where you commence your walking tour. Starting at Zion Gate, make your way through the Jewish Quarter, which was renovated after the 1967 war. Visit the 2nd-century Roman Cardo and walk down the hill to the Western (Wailing) Wall where you can touch the Herodian Stones that were once part of the Second Temple. Experience some of the world’s most incredible scenery and historical finds as you journey first to the Dead Sea and then on to Masada, a mountain fort that is now a national Jewish shrine, and world famous for its recognition by UNESCO for its unique structure and history. From the lofty heights of Masada to the lowest point on earth at the Dead Sea, this tour truly takes you to the heart of Israel.

Leave Ashdod port and make the 2.5-hour drive to the Masada Fortress via Qumran, where the Dead Sea Scrolls were found. The landscape is both desolate and mesmerizing as you descend through the Judean desert into the valley of the Dead Sea. Towering high above this is the legendary Masada. In King Herod’s day, it was a luxury refuge complete with magnificent palaces and excavated rock cisterns to supply water. Around AD 73, after a three-year-long Roman siege, more than 950 Jews took their own lives at Masada rather than face a future of slavery.

When you arrive, a cable car will convey you to the summit for a walk around the site of this famous and historical last stand. Among the fascinating sights are the wall, northern palace, synagogue, western palace, Roman ramp, and siege camps. After spending nearly two hours here, return via cable car to the floor of the valley where you will have some time for photos.

Continue from here to the Dead Sea where you will be treated to lunch at hotel that overlooks this remarkable body of water. After lunch, those who wish may choose to take a swim in the mineral-rich waters that are so salty you cannot sink!

Travel to Beit Guvrin, an historical town well-known for its famous caves on this half-day tour.

From the pier, you will drive past the Valley of Elah, location of the famous battle between David and Goliath while en route to Beit Guvrin. Referred to by Josephus Flavius as one of the most important towns taken by the Romans in 68 CE, this once small village grew in importance.

Some caves served as churches, as evidenced by the crosses that can still be seen carved on the walls. Visit two of the most notable attractions in Alexandria that showcase the historical past of not only Egypt, but this great city that was founded by Alexander the Great.

Start with a drive from the pier to Alexandria’s National Museum. Each of the museum’s three floors depict a different period of Egyptian history, including the Pharaonic and Greco-Roman periods, the Coptic Era and Islamic times. Discover some of Alexandria’s most well-known attractions in a more intimate and non-traditional way as you relax and take it all in from your horse-drawn carriage.

Your tour starts with a coach transfer from the port to the Citadel of Quait Bay, which is considered one of the most important defensive strongholds, not only in Egypt, but also along the Mediterranean Sea coast. Built by Sultan Al-Ashraf Sayf al-Din Quait Bay in 1477 A.D., he established the citadel to defend the city of Alexandria from the advances of the Ottoman Empire, unfortunately his efforts were in vain as they eventually took control of the city 1512 A.D. Spend an hour here exploring this historic fortress before it’s time to embark your horse carriage for a delightful ride along the Mediterranean coast toward the city center. Your final stop for the day is at the Alexandria Library. First commissioned in 295 BC by the Egyptian ruler Ptolemy I Soter, it was one of the cultural wonders of the ancient world. Representatives of Ptolemy traveled the world collecting books for the Library and it was filled not only with books pertaining to Egypt and Greece, but the entire ancient world. At one time the Library even held the original works of Euripides and Sophocles. Along with being a repository for books, it was also a museum, a school, and a center for scholastic research. Sadly, in 48 BC the city fell under attack from Julius Caesar and a massive fire engulfed large parts of the library, destroying at least 40,000 scrolls. There is a lot of speculation about what finally completely destroyed the library with many believing it was also a museum, a school, and a center for scholastic research. Fought in the deserts of North Africa, the Battle of El Alamein is seen as one of the decisive victories of WWII. It was primarily fought between two of the war’s most outstanding commanders, Montgomery who succeeded the dismissed Auchinleck, and Rommel. The Allied victory at El Alamein led to the retreat of the Africa Corps and the German surrender in North Africa in May 1943.

Starting from the port, it’s a drive of just under two hours west to the village of El Alamein. Renowned for its tranquil, scenic beauty and soft, white-sand beaches, it’s also the site of one of the most pivotal battles of the war. Today, it is home to a museum and several war cemeteries that commemorate what took place here and those who lost their lives in the battle.

Your day of touring starts with a drive to the Catacombs of Kom El Shaquafa. Discovered in 1900, the catacombs represent the largest Roman cemetery in Alexandria and include the remains of more than 300 who perished in the city. The catacombs are comprised of three levels that have been carved 90 feet deep into the rock and are accessed by a series of descending steps.

Up next on your day's touring agenda is a visit to Pompey's Pillar, an 82-foot red Aswan granite column with a circumference of 29 feet and was constructed to honor Emperor Diocletain. From here, drive to the Roman Theater. Unearthed during excavations in 1960, this well-preserved Roman theater features galleries, sections of mosaic flooring and marble seating for up to 800 spectators.

Your morning ends with a relaxing lunch at one of Alexandria's famous restaurants that overlooks the brilliant blue waters of the Mediterranean.

Following your lunch break, your tour resumes with photo stops at the Citadel of Qait Bay, the stunning Abu El Abbas Mosque, and finally a stop at the unknown soldier monument.

Your final stop for the day is at the Alexandria Library. First commissioned in 295 BC by the Egyptian ruler Ptolemy I Soter, it was one of the cultural wonders of the ancient world. Representatives of Ptolemy traveled the world collecting books for the Library and it was filled not only with books pertaining to Egypt and Greece, but the entire ancient world. At one time the Library even held the original works of Euripides and Sophocles. Along with being a repository for books, it was also a museum, a school, and a center for scholastic research. Sadly, in 48 BC the city fell under attack from Julius Caesar and a massive fire engulfed large parts of the library, destroying at least 40,000 scrolls. There is a lot of speculation about what finally completely destroyed the library with many believing it was this fire. However, there is also the theory that the library was only partially destroyed by fire but later succumbed to decline over the course of several centuries when scholars were forced to leave the city. In recent years, the Egyptian government and UNESCO joined forces and brought the library back to life as a cultural center for the world.

Filled with memories of a day not soon forgotten, you will drive back to the pier and your waiting ship.

Special Note: This tour includes approximately three hours of mild to moderate walking that includes some steps and natural and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with other mobility concerns. HER501: CANYONING ADVENTURE IN STUNNING TSOUTSOUROS GORGE - SEPTEMBER 17, 2021 | $259 pp

5 HOURS | MEALS: SNACK

Satisfy your quest for adventure on this tour that will have you conquering a wonderful gorge that is perfect for the sport of canyoning.

Drive from the pier to the Asterousia Mountains, location of the Tsoutsouros Gorge, one of the most beautiful canyons in southern Crete. On arrival, don your provided equipment, receive a safety and instructional briefing, and then set out on your trek. The canyon is well belayed, making it perfect for beginners, but enough of a challenge for the more experienced to fully enjoy. It's easy to cross and fairly narrow, especially toward the end where there are bigger descents and more beautiful rocks to scale.

You may find water running a course through the floor of the gorge, but this is primarily in early summer and does not hinder your progress and you can cross it throughout the year with no difficulty. When you reach the end of the gorge, you will find yourself on the south coast at Tsoutsouros Village where you can relax and swim at the sandy beach. While a light snack is provided during your journey down the canyon, there are restaurants and cafés in the village where you can purchase lunch and a refreshment.

Special Note: This tour includes several hours of hiking, climbing and rappelling. The tour is not available to wheelchair guests, those with mobility issues or health conditions such as heart, back or neck issues or pregnant women. Guests should be in good health and good physical condition and not be afraid of heights or suffer from vertigo. We recommend wearing a swimsuit under your clothes and sport or trekking shoes that can get wet; a hat; sunscreen and sunglasses. Please bring along a backpack that should include an additional pair of shorts and t-shirt; a towel; a bottle of water; and an additional pair of shoes. The itinerary may be altered for reasons beyond our control (e.g., harsh weather, trail conditions) to ensure the safety and the well-being of the group. The final canyoning selection is left up to the trip leader.

HER502: VIA FERRATA CLIMBING CHALLENGE IN KOFINAS - SEPTEMBER 17, 2021 | $259 pp

5 HOURS | MEALS: SNACK

Calling all adventure seekers! This Via Ferrata experience is the only one in Crete and sure to satisfy your craving for a challenge of mind and body.

Transfer from the pier to a remote location in the Asterousia Mountains on the south side of Crete. On arrival, gear-up in your safety equipment and receive a briefing before setting off to conquer this spectacular Via Ferrata. Via Ferrata is best explained as a protected climbing route that employs steel cables, ladders and other anchors that are affixed to the rock. The climber attaches to these anchors by means of a harness with two leashes, thus limiting any falls.

Your route will traverse the south face of Mount Kofinas which offers breath-taking views to Crete’s south coast and the Mediterranean Sea. The activity not only pushes you to step outside your comfort zone, but in doing so, builds your self-confidence and a sense of camaraderie with your fellow participants. And in addition to all of that, it’s fun!

When you reach the endpoint, you will transfer back to the pier, no doubt amazed at what you have just accomplished.

Spend the day visiting the ancient settlement of Olounda - a favorite of Minoan luminaries and the historical island of Spinalonga.

Start your day with a drive from the port to the village of Elounda, situated on the southern coast of the Gulf of Elounda and just east of the ancient settlement of Olounda from which it has taken its name. Once a location favored by illustrious figures from Minoan Crete and even some of the more historical figures of our time, this popular fishing village turned resort town still retains its authentic charm.

Boarding a small boat in Elounda, you will enjoy a scenic cruise to the island of Spinalonga. A leper colony until 1957, the island today has gained notoriety as the location featured in author Victoria Hislop's best-selling novel The Island. Your guided tour around the island includes a stop at the Venetian Fortress with its centuries of history. After the 1571 Ottoman conquest of Cyprus, the Venetians built the fortress in fear the Ottomans would then try to use the sandy shores here to land in Crete.

Sailing back to Elounda, enjoy a buffet of traditional Cretan snacks that include mini pies, meatballs and salads. There is plenty of free time afforded here to explore the shops and perhaps visit the nearby Blue Flag beach, so you may want to wear swimwear under your clothes and bring a beach towel with you.

At the end of your visit, you will rejoin your coach for the drive back to the pier.

**Special Note:** This tour includes approximately two hours of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.

PIR510PST: SPECTACULAR PELOPONNESE ADVENTURE CHALLENGE - SEPTEMBER 18, 2021 | $1,999.00

Geared for our adventure lovers who want to extend their time in Greece, this active exploration of the natural beauty of the Peloponnese region will provide you with unforgettable memories.

Disembarking the ship, you will commence a morning drive to Arcadia and the fabled Lousios River where legend has it that Zeus, the father of Olympian gods bathed in the river after his birth. Your exhilarating Class II rafting experience begins in Lousios and travels over the river’s surging rapids and under a natural tunnel of trees. Dodge boulders and drop over cascades as you navigate your way through a densely vegetated gorge that leads from the Lousios River into the Alfios River. Along the way, stop in calm areas where you can take a refreshing swim in the crystal-clear waters and later, savor a delicious lunch at an ideal spot alongside the water. Your rafting ends at the marvellous bridge of “Koukos” and from here you will make your way to a charming guest house in Stemnitsa where you will overnight.

Day two of your adventure offers up a spectacular river trek alongside and within the Neda River, interestingly, one of the few rivers in Greece with a female name. Your trekking route passes through stone bridges, alongside narrow cliffs, underwater caves, and impressive waterfalls. Transfer back to lodge in Stemnitsa where you will spend the night.

Your final day has you hiking into the untouched nature that surrounds the Lousios River gorge, also referred to as the “Mount Athos of the Peloponnese” on account of the monasteries that appear to be literally hanging from the surrounding cliffs. It is hard not to be awed by how these monasteries seeming cling to the sheer cliff faces and have done so for centuries.

During your hike, you will visit the St. John Prodromos monastery which is open to the public.
