SPECTACULAR PELOPONNESE ADVENTURE CHALLENGE
AUGUST 1-4, 2021
4 DAYS / 3 NIGHTS
$2,599pp

Geared for our adventure lovers who want to get an early start to their holiday, this active exploration of the natural beauty of Greece's Peloponnese region will provide you with unforgettable memories.

DAY 1 - Arrive in Athens and transfer to an Athens hotel where you will have dinner and overnight.

DAY 2 - After breakfast in the hotel, check-out and commence a morning drive to Arcadia and the fabled Lousios River where legend has it that Zeus, the father of Olympian gods bathed in the river after his birth. Your exhilarating Class II rafting experience begins in Lousios and travels over the river’s surging rapids and under a natural tunnel of trees. Dodge boulders and drop over cascades as you navigate your way through a densely vegetated gorge that leads from the Lousios River into the Alfios River. Along the way, stop in calm areas where you can take a refreshing swim in the crystal-clear waters and later, savor a delicious lunch at an ideal spot alongside the water. Your rafting ends at the marvellous bridge of “Koukos” and from here you will make your way to a charming guest house in Stemnitsa where you will overnight.

DAY 3 - After breakfast, start with a spectacular river trek alongside and within the Neda River, interestingly, one of the few rivers in Greece with a female name. Your trekking route passes through stone bridges, alongside narrow cliffs, underwater caves and impressive waterfalls. Scramble over rocks, balance on natural stone surfaces and in some of the narrower parts of the river gorge, make a short swim in order to continue on. Stop along the way to rest and enjoy a picnic lunch along the banks of the river before resuming your trek. All the effort is well worth it as you will find yourself at the end of your trail in the midst of a breathtakingly beautiful setting, complete with a cascading waterfall and natural river pool where you can go swimming. Transfer back to lodge in Stemnitsa where you will spend the night.

DAY 4 - Your final day starts with breakfast and then a hike into the untouched nature that surrounds the Lousios River gorge, also referred to as the “Mount Athos of the Peloponnese” on account of the monasteries that appear to be literally hanging from the surrounding cliffs. It is hard not to be awed by how these monasteries seem to cling to the sheer cliff faces and have done so for centuries. During your hike, you will visit the St. John Prodromos monastery which is open to the public. End your adventure at the fascinating archaeological site of Ancient Gortyna which is nestled along the rushing Lousios River that in ancient times was actually called the Gortynios River. Afterwards, transfer to the pier in Piraeus for embarkation.

SPECIAL NOTE: This tour includes 3 days of moderate to strenuous physical activity that includes inclines, scrambling over rocks, natural and uneven surfaces. The tour is not available to wheelchair guests, those with physical limitations or other health concerns. Participants should be in good physical condition. We recommend wearing weather appropriate comfortable clothing, flat walking shoes with a closed toe that can get wet, a sun cap, sunglasses and sunscreen. For water activities, we suggest wearing a swimsuit under your clothes and bringing a towel. All safety equipment will be provided. AUGUST 1-4, 2021
4 DAYS / 3 NIGHTS
$2,499 pp

DAY 1 - Upon touching down in Athens, you will be greeted and transferred to your hotel, the Saint George Lycabettus (or similar) located in the heart of Athens and notable for having stunning views of the Acropolis. After check-in, relax before dinner and then have the rest of the evening at your leisure.

DAY 2 - Start the day with breakfast in the hotel and then meet your guide in the lobby and commence your tour of Athens. As you head to the Acropolis site, you will pass many of the city’s main landmarks such as Constitution Square (or Syntagma Square as it is also known), the Houses of Parliament, the university buildings, the Royal Palace and the Old Olympic Stadium of Athens. The stadium, which offers fantastic views of the Acropolis, was built entirely of marble and served as the site of the first modern day Olympics in 1896. However, the true highlight of the tour comes next when you arrive at the foot of the magnificent Acropolis, one of the most famous and photographed ancient monuments in the world. You will leave your coach behind here and set off on a walking tour that will be split into several stages, allowing for the guide to explain its rich history and for you to take short rest breaks. At the summit, there will be some free time to stroll about and admire the ancient temple of Athena Nike and the towering Parthenon.

Following your time at the summit, you will travel back down the mountain and visit the superlative Acropolis Museum that was opened in 2009. There is an immense amount of exhibition space and the way it has been laid out coupled with expansive windows can give the impression of crossing the ancient settlements nestled on the slopes of the Acropolis. Next, travel to the Plaka, the colorful old quarter of Athens that is rich with neoclassical architecture, ancient monuments and Byzantine churches, not to mention a plethora of shops and cafes. Following lunch here, there will be free time to do some shopping and explore on your own before transferring back to the hotel where you will enjoy dinner and then have the remainder of the evening to do as you please.

DAY 3 - After breakfast, change things up and head toward the Athen's Riviera. Once here, it’s time to climb aboard an electric bike and be introduced to this other side of the city. As you bike along colorful side streets, soak in the local ambience and experience an uplifting bond with the surrounding sea. Mid-day stop for lunch by the beach and enjoy some free time to take a dip in the ocean or bask in the warmth of the sun before transferring back to the hotel.

Your final night takes you to the picturesque Mikrolimano area of Piraeus where you will be treated to dinner at the Varoulko restaurant. The restaurant’s menu was created by Lefteris Lazarou, Greece’s top-awarded Michelin Star chef, so you can expect an extraordinary dining experience. Later, with a satisfied palate and sense of contentment, head back to the hotel for the night.

DAY 4 - The morning is at leisure and then you will join your transfer to the ship for embarkation.

Experience the picturesque first capital of Greece and delve into history as you make your way to the UNESCO World Heritage Site of Epidaurus. 

Start your day with a drive from the port to the UNESCO World Heritage Site of Epidaurus. Known throughout the Hellenistic world for its unique medical facilities and healing treatments. Correspondingly Epidaurus was dedicated to Aesclepius, the god of healing who restored health to the sick and, reputedly, sometimes even brought people back from the dead. The city was filled with curative spas and baths, but only priests had access to some of the healing rites.

Today most of the ruins have been reduced to their foundations except for the remarkable theatre. Built into the ground rather than above it, it is set overlooking the valley and is known for its astonishing acoustics. Restored in 1954, it now hosts modern productions of the ancient classics as well as musical recitals of performers such as the late Maria Callas.

After your time in the theatre enjoy a traditional Greek lunch to fuel up and commence the drive to Mycenae. Tucked into a fold in the hills and lost in time for centuries, this is Agamemnon’s citadel. Although excavations began here in 1841, it wasn’t until 33 years later that Heinrich Schliemann, an entrepreneur-turned-self-styled-archaeologist, unearthed Mycenae’s treasures. A controversial figure, Schliemann believed in the accuracy of Homer’s epic poems, and to the amazement and dismay of scholars, governments, and the world, he was right. Enter the site via a walkway, lined by impenetrable cyclopean walls, through the Lions Gate, Europe's oldest existing example of monumental statuary. It was here that Clytemnestra received her husband, Agamemnon, on his return from Troy.

Walk to the first shaft tomb, where in 1874 Schliemann excavated the famous golden death masks, now on display at the Archaeological Museum in Athens. From here you'll be able to appreciate the magnificent views over the Argive.

Next, visit the eerie Beehive Tomb a short distance away from the citadel, also known as the Treasury of Atreus. Historians believe this could actually be the Tomb of Agamemnon. Enter the impressive grave through a 10-foot corridor and stand in its cool, dark interior marveling at this monument to Mycenaean building skills.

SPECIAL NOTE: This tour includes approximately 5 hours of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.

EXPLORE CORINTH AND ITS FAMOUS CANAL
AUGUST 5, 2021 | 8:00 AM – 12:20 PM
4.3 HOURS
$119pp

Visit the ruins of the city where Paul the Apostle preached Christianity and then proceed to the remarkable Isthmus of Corinth.

Commence your journey leaving the port and making your way to the famous Corinth Canal. Connecting the Gulf of Corinth with the Saronic Gulf in the Aegean Sea. The canal cuts through the narrow Isthmus of Corinth and separates the Peloponnesian peninsula from the Greek mainland, thus effectively making the former an island.

Built between 1881 and 1893, the canal is four miles long, 70 feet wide and has sloping sides 170 feet in height.

After viewing the canal, board your waiting coach for the short drive to Ancient Corinth. It was a wealthy city surrounded by fertile plains, an ideal location, with two harbors one in the Corinth canal and the other in the Saronic Gulf and virtually impregnable refuge. Corinth survived numerous human invasions but nature, in the form of earthquakes, eventually devastated this thriving city. The ruins that lie in this area are a surprising mix of ancient Greek and Roman cities dating as far back as the 6th century BC.

Visit the excavations of both, including a Christian Basilica, the starting lines of a Greek racetrack, a sacred spring with its bronze lion's head spouts and the elaborate Roman Fountain of Peirene. No visit to Corinth is complete without a visit to the Temple of Apollo. Today, seven of its original thirty-eight Doric columns are still standing.

They are about twenty-four feet tall and six feet in diameter. Walk through the remains of the marketplace, a colonnaded square once surrounded by many small shops, and along the Lechaion Road, formerly the main thoroughfare to the port of Lechaion.

After your visit to Ancient Corinth, re-board your coach drive to the pier.

SPECIAL NOTE: This tour includes approximately 4 hours of moderate walking/standing that includes some steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen.

Depart from the pier and be taken inland across the Argive Plain through orange and lemon groves, past the ancient cities of Tiryns and Argos, to reach Mycenae. Although excavations began here in 1841, it wasn’t until 33 years later that Heinrich Schliemann, an entrepreneur-turned-self-styled-archaeologist, unearthed Mycenae’s treasures. Enter the site via a walkway, lined by impenetrable cyclopean walls, through the Lions Gate, Europe’s oldest existing example of monumental statuary. Returning to Nafplion, drive to the top of the massive, fortified area known as Palamidi. Perched on a cliff over 700 feet high, Palamidi has impressive views of the town, the harbor and the Argive Plain. 3.1 HOURS
$139pp

Enjoy a guided visit through the Arch Site of Nemea and visit the renowned Skouras Winery.

Begin your adventure by being transferred to Nemea, the city that claims a famous place in Greek mythology. It was home to the Nemean Lion, which was killed by the son of Jupiter and the mortal Alcmene, Hercules. Here the Nemean Games were held from 573 BC, or earlier, at the sanctuary of Zeus. Three columns of the 4th-century BC temple still stand intact here, and two more were reconstructed in 2002, with four more currently under construction. Visit the site around the temple, which has been excavated, including the great altar, bath and hotel. The temple stands on the site of an even more ancient temple, of which only a foundation wall is still visible. A stadium has also recently been discovered here and is notable for its well-preserved, vaulted entrance tunnel dating back to about 320 BC, complete with ancient graffiti on the walls. The material discovered in the excavations is on display in a museum constructed as a part of the University of California’s excavations.

Afterwards, board your coach to be transferred to The Skouras Winery. Take advantage of this opportunity to explore one of Greece’s most famous winemaking regions and enjoy a tasting of their local wines.

DISCOVER THE ICONIC SITES OF PATMOS
AUGUST 6, 2021 | 3:30 PM – 7:30 PM
4 HOURS
$129pp

Explore Patmos’ most iconic sites as you discover its place in history as well as the island’s current culture.

Patmos is alive with reminders of its colorful past, mainly relating to St. John as it is reputed to be the location where he wrote his Gospel and the Apocalypse. A monastery dedicated to him was founded in the late 10th century and has since been a place of pilgrimage and Greek Orthodox learning.

Start by making the short drive from the port to the Grotto of St. John where the saint heard the voice of God and wrote the book of Revelation. It was here, in this most sacred spot on the island, that he spent 16 months in exile. The simple cave is now a chapel and place of pilgrimage. Iconostases built into the cave walls depict his visions and where he slept, wrote and heard the voice of God.

Drive next to the Monastery of St. John the Theologian, built on an ancient acropolis. The monastery’s massive 15th century walls and 17th century battlements loom over the town and are in contradiction to its intimate and peaceful interior which features graceful archways, inlaid pebble stone floors and white-washed buildings. The charming chapel of Christodoulos here is liberally decorated with frescoes. The Treasury here, which is now a museum, houses a breathtaking collection of jeweled chalices, crowns, crucifixes, vestments and old manuscripts. Perhaps one of the most important, or perhaps the most important artifact found here, is the Codex no. 67, also known as The Purple Codex which contains extracts from the Gospel according to St. Mark.

Leaving the monastery, stroll through the nearby winding streets where houses date back to the 16th century and are linked via a maze of steps and quaint lanes that are interspersed with small squares. The silent, shuttered villas you will come across are owned by Athenians who prefer Patmos’ relaxed lifestyle over the hectic pace of Athens.

Next, join your coach and drive to the 300-year-old Simandris House for a visit. Inside you will find a rich collection of antiques and architecture that showcases an interesting combination of Oriental tradition, blended with the Western style that was favored in the 19th century. Afterwards, before returning to the port, relax at a local taverna where you can sample some tasty mezes (appetizers) and Greek wine or ouzo while enjoying a traditional Greek dance performance.

SPECIAL NOTE: This tour includes approximately 2 hours of moderate walking/standing that includes steps, inclines and uneven cobblestone surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs and midriffs must be covered when entering religious sites. Shorts are not permitted.

A visit to Delos will be one of the highlights of your holiday. The breathtaking ruins found here will leave you with a lasting memory of what this once great Mediterranean city was like during its glory days.

A short boat ride from Mykonos lies this remarkable UNESCO World Heritage Site. Believed to be the mythical birthplace of the Goddess Artemis and God Apollo, it was dedicated as a major sanctuary to the God Apollo, the Olympian god of prophecy, music, healing and more. The sanctuary attracted pilgrims from all corners of Greece, creating one of the wealthiest and most revered shrines of antiquity. The archaeological site is exceptionally extensive and conveys the image of a great cosmopolitan Mediterranean port. There are no inhabitants on the island now and its landscape consists solely of ruins that have been systematically excavated since 1872 and a museum.

Stepping off the boat, you will be introduced to one of the island’s most spectacular relics, the Avenue of the Lions where perfect replicas of the 7th century Naxian marble beasts crouch in silent vigilance at the sacred lake where Leto gave birth to her twins. Beyond here lies a path that leads to Mt. Kynthos, where myth has it that Zeus observed the event. There is a wealth of other monuments found here as well.

Not only will you be able to view the site in real-time, but also aided by the use of Augmented Reality software, whereby participants will each be provided with a tablet that will enable them to view Delos as it once was. This technology combines the camera’s content with a virtual one, creating a mixture of the real-time camera’s video with several virtual elements. Just point your tablet’s camera at various locations at the site and you can view them in their original form as they stood thousands of years ago. Simply amazing!

Your tour starts with a scenic drive through quaint villages and on to the beaches of Ornos and Kalafatis where you will have a stop to walk about and take photos. Within the chapel there are some exquisite icons that depict scenes from the New Testament.

Returning to Mykonos Town, commence a guided walk that showcases the lifestyle and history of this unique enclave. Stroll the narrow streets lined with white-washed houses and discover that the streets were designed in this somewhat confusing maze to foil attacking pirates. This unique Minoan settlement was destroyed by a volcanic eruption that occurred around 1627 BC, but much of it was preserved in the ash. An extensive excavation was started in 1967 by Spyridon Marinatos which has uncovered an elaborate drainage system, the remains of commercial buildings that lined the main streets, prominent two-story homes with colorful frescoes and large earthen jars with traces of olive oil, fish, and onion inside, all which offer a mesmerizing step back into urban life during the Minoan period. Built by Sultan Al-Ashraf Sayf al-Din Qaitbay in 1477 A.D., he established the citadel to defend the city of Alexandria from the advances of the Ottoman Empire, unfortunately his efforts were in vain as they eventually took control of the city 1512 A.D. The battle of El Alamein was one of the deadliest battles of WWII. During this informative tour, you will learn about how this historic battle unfolded and visit several sites that were significant in the battle as well as the military museum with its extensive exhibits.

Fought in the deserts of North Africa, the Battle of El Alamein is seen as one of the decisive victories of WWII. It was primarily fought between two of the war’s most outstanding commanders, Montgomery who succeeded the dismissed Auchinleck, and Rommel. The Allied victory at El Alamein led to the retreat of the Africa Corps and the German surrender in North Africa in May 1943.

Starting from the port, it’s a drive of just under 2-hours west to the village of El Alamein. Renowned for its tranquil, scenic beauty and soft, white-sand beaches, it’s also the site of one of the most pivotal battles of the war. Today, it is home to a museum and several war cemeteries that commemorate what took place here and those who lost their lives in the battle.

Your first stop is at the Commonwealth War Cemetery. This sobering location is covered with more than 7,000 tombstones that are spread out over a slope that overlooks the desert battlefield. Soldiers from the U.K., Australia, New Zealand, France, Greece, South Africa, East and West Africa, Malaysia and India who fought for the Allied cause were laid to rest here and their gravesites are maintained by The War Graves Commission.

Continuing on, drive to the nearby military museum. Four main halls represent the various countries that participated in the battle and a joint hall displays weapons, tanks and a series of paintings that depict the battle and Egypt’s role during the war. Additional exhibits include busts of the generals who planned the battle and maps and charts showing troop deployments.

Next, travel to a bluff that overlooks the sea where you will find what looks like a hermetically sealed sandstone fortress. Within its walls are the tombs of German and Italian servicemen and at its core is a memorial obelisk. Following this stop, drive back to the port, enjoying a boxed lunch on the coach.

SPECIAL NOTE: This tour includes approximately 1¾ hours of moderate walking that includes a few stairs. The tour is available to wheelchair guests who have a collapsible wheelchair, are able to make their own way on and off the transportation and have a companion to assist them. Start with a drive from the pier to Alexandria’s National Museum. Each of the museum’s three floors depict a different period of Egyptian history, including the Pharaonic and Greco-Roman periods, the Coptic Era and Islamic times. During your tour of the museum, be sure not to miss the displays of artifacts that were retrieved from the bottom of the Mediterranean Sea.

Continue from here to the iconic Alexandria Library or Bibliotheca Alexandrina, as it was called in ancient times. Built at the beginning of the 3rd century BC, the library was not only a repository of books, it was also a museum, school and the world’s foremost center for learning and scholarly research. There is a lot of speculation about what destroyed the library with many believing it was a fire. However, there is also the theory that the library was only partially destroyed by fire but later succumbed to decline over the course of several centuries when scholars were forced to leave the city. During your visit, you will learn more about its history and architecture and take a walk on the grounds where you will find a museum and galleries.

Following your time at the library, transfer back to the pier.

SPECIAL NOTE: This tour includes approximately 2½ hours of moderate walking that includes a few steps. The tour is available to wheelchair guests who have a collapsible wheelchair, are able to make their own way on and off the transportation and have a companion to assist them. There are elevators at the museum and library for wheelchair users. We recommend wearing weather appropriate comfortable clothing; sturdy, flat walking shoes with a closed toe; a sun cap; sunglasses and sunscreen.
EXPLORE THE WONDERS OF ALEXANDRIA IN DEPTH
AUGUST 12, 2021 | 9:30 AM – 3:30 PM
6 HOURS
$129pp

Spend a full day discovering all of Alexandria’s landmark attractions that span centuries of fascinating history.

Your day of touring starts with a drive to the Catacombs of Kom El Shaquafa. Discovered in 1900, the catacombs represent the largest Roman cemetery in Alexandria and include the remains of more than 300 who perished in the city. The catacombs are comprised of three levels that have been carved 90 feet deep into the rock and are accessed by a series of descending steps.

Up next on your day’s touring agenda is a visit to Pompey’s Pillar, an 82-foot red Aswan granite column with a circumference of 29 feet and was constructed to honor Emperor Diocletian. From here, drive to the Roman Theater. Unearthed during excavations in 1960, this well-preserved Roman theater features galleries, sections of mosaic flooring and marble seating for up to 800 spectators.

Your morning ends with a relaxing lunch at one of Alexandria’s famous restaurants that overlooks the brilliant blue waters of the Mediterranean. Following your lunch break, your tour resumes with photo stops at the Citadel of Qaitbay, the stunning Abu El Abbas Mosque, and finally a stop at the unknown soldier monument.

Your final stop for the day is at the Alexandria Library. First commissioned in 295 BC by the Egyptian ruler Ptolemy I Soter, it was one of the cultural wonders of the ancient world. Representatives of Ptolemy traveled the world collecting books for the Library and it was filled not only with books pertaining to Egypt and Greece, but the entire ancient world. At one time the Library even held the original works of Euripides and Sophocles. Along with being a repository for books, it was also a museum, a school, and a center for scholastic research. Sadly, in 48 BC the city fell under attack from Julius Caesar and a massive fire engulfed large parts of the library, destroying at least 40,000 scrolls. There is a lot of speculation about what finally completely destroyed the library with many believing it was this fire. However, there is also the theory that the library was only partially destroyed by fire but later succumbed to decline over the course of several centuries when scholars were forced to leave the city. In recent years, the Egyptian government and UNESCO joined forces and brought the library back to life as a cultural center for the world.

Filled with memories of a day not soon forgotten, you will drive back to the pier and your waiting ship.

SPECIAL NOTE: This tour includes approximately 3 hours of easy to moderate walking that includes some steps and natural and uneven surfaces. The tour is not available to wheelchair guests and may not be suitable for those with other mobility concerns. We recommend wearing weather appropriate comfortable clothing; sturdy, flat walking shoes with a closed toe; a sun cap; sunglasses and sunscreen.

Enjoy a full day of Cairo followed by a magnificent dinner by the Pyramids as your last Egyptian memory debarking World Navigator.

DAY 1 - It's an early morning start as you commence the 3-hour drive to Cairo, Egypt's Capital city. Your first stop of the day is the Egyptian Museum of Antiquities, where one of the world's most important collections of ancient artifacts is housed. Located on the north side of Tahrir Square, within its great domed structure lies the glittering treasures of Tutankhamun and other great pharaohs. You'll find mummies, jewelry, bowls, and an assortment of other artifacts. A visit to the museum is truly an adventure through time.

Your morning draws to a close with a quick stop for lunch at a deluxe restaurant in the area. After lunch, head to the extraordinary Pyramids of Giza, and the only remaining wonder of the seven wonders of the ancient world and Egypt's most famous attraction. The three main pyramids here were built by the pharaohs Cheops, his son Chephren and Chephren's son Mykiernus to preserve each of their mummified bodies for eternity. For centuries, these unique structures have intrigued the world by surviving the rise and fall of great civilizations.

Just southeast of the great Pyramids stands the Sphinx, location of your next stop. Carved out of solid rock around 2650 BC, it has the head of a man and the body of a lion. Steeped in legend and superstition, it was a monument either to the sun god Ra or to Pharaoh Chephren. It stands facing east, most likely to greet the rising sun and the return of life each day.

Following the visit of the Pyramids, enjoy a magical and exclusive evening event in front of the Great Pyramids of Giza is truly a once-in-a-lifetime experience. Opened to us by special permission, your after-hours dinner may well become your favorite holiday memory.

On arrival, catch a glimpse of the vanishing sunset with a magnificent view of the Pyramids. As you are seated, you will no doubt agree that while this magnificent historic landmark is an incredible sight to behold in daylight hours, when seen lit up under the stars, it simply becomes both ethereal and breathtaking. At night, the spectacularly illuminated structures gives new clarity to the details of the Pyramids and why it is one of the seven wonders of the world.

As you bask in the extraordinary ambience of this truly special evening, you will be served a delicious 4-course Egyptian dinner, all while enjoying a live musical performance by a local artist. During this evening there will also be a traditional Egyptian demonstration of arts. It just doesn't get much better than this.

When your evening draws to a close, you will be transferred back to your hotel for check in and some well-deserved rest.

DAY 2 - Rise early to get some breakfast, check out and board your transfer for your flight home.

DISCLAIMER: This overland requires early disembarkation for your comfort and convenience. We’ve arranged all the details - from luggage handling to transportation, to expert tour guides, so you are free to immerse yourself and bask in the culture of Egypt. SPECIAL NOTE: This tour includes approximately 4 hours of moderate walking over a slight incline and uneven surfaces. The tour is not available to wheelchair guests.
