ANTARCTICA EXPEDITIONS

VISIT OUR WEBSITE TO ENSURE YOU HAVE THE LATEST VERSION BEFORE MAKING YOUR SELECTIONS.
The words you have heard to describe this vast continent aren’t enough. Only those who have been and dared to take the icy plunge into these remote waters can add their names to a century of exploration where few have gone. It’s time to check the last continent off your bucket list.

To deliver on the full, luxe-adventure experience, we’re pleased to offer included off-ship programs throughout our Antarctica expeditions, as well as optional ones you may want to purchase.

**OFF-SHIP PROGRAMS CANCELLATION POLICY**

All off-ship programs operate if weather permits. Occupancy is limited. If you need to make a cancellation, you must do so no later than 72 hours before your sailing date.
Alongside a kayak master, experienced kayakers have the opportunity to set off through Antarctica's unspoiled waters. Our kayak masters help you navigate the ice floes as you make your way through the water channels that bring you close to nature. With their guidance, you can safely cruise through the waters, perhaps even coming close to penguins as they dive from the ice floes into the sea. Sea kayaking offers a unique point of view of The White Continent as each paddle stroke takes you further from World Navigator and deeper into the heart of Antarctica. As you rush through the waters with your kayak, the astonishing blues and whites of the icebergs take your breath away. But take a few minutes to be still as well, because that’s when incredible moments can take place, like the possibility of a whale breaching the water’s surface mere feet away from your kayak.
